No. 705 S. Public Works Store Department
Maooras 13th August 1890.

From ^{1/2476}
The General Superintendent
Public Works Stores &c
To
The Superintending Engineer
5th Mile
Chepauk.

Sir

With reference to your No. 218 S
dated 7th August 1890, forwarding a copy of
the order thereon No. 2102 W of the 2nd August
1890. I have the honor to request you will
draw the attention of the Government to the
fact, that the transmission and retrans-
-mission of the so called Famine Tools from
Maooras to the Ganjam Division and vice
versa, will cost upwards of Rupees 5,22-0-0
for their freightage exclusive of Landing charges
at Gopalpore and passage inland has cost
upwards of Rupees 2,711. It would appear
sheer waste of Government Funds to allow
of

of the said Tools being returned to Madras
for it might so happen that they might be
required again within another year or so in the
Northern District, should another draught occur
and the consequent failure of crops.

The 200 Stone Hammers alluded
to by the Superintending Engineer, have already
been supplied to the Ganjam Division and
the fact intimated to the Superintending
Engineer 1st Circle.

I have the honor to be &c.
Signed) S. C. Clarke Colonel R.E.
General Supt. - P.W. Stores.

No. 2465.

Forwarded to the Chief Engineer
P.W. Department with reference to G.O.
No. 2102 W dated 2nd August 1890.

2. Considering the heavy cost of
conveyance of the Tools as shown by the
General Superintendent it would seem
advisable to allow the Superintending Engineer
1st Circle

2/21/6
1st Circle to retain the Tools entered in column
of the Statement which accompanied G.O.

No. 2102 W dated 2nd August 1890 in
circle and keep them separately as stock
appertaining to the P.W. Stores for use in case
of recurrence of a famine which is more
frequent in the Northern District than
else where in this Presidency.

W. B. Burton

Colonel R.E.

Superintending Engineer

24 August 1890.
