GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following paper :—

From G. McWATTERS, Esq., C.S., Superintendent of Stationery, to the Chief Secretary to Government, dated Madras, 10th July 1890, No. 1091.

I have the honor to submit my annual report on the working of the Stationery Office for the official year 1889-90 with the usual Statements A to E enclosed.

2. The following statement shows the results of the year under review, compared with 1888-89 :—

	1888-89.	1889-90.
	RS.	RS.
Value of stock at the beginning of the year ..	5,21,831	4,51,370
„ receipts during the year	4,60,211	5,04,009
Total ..	9,82,042	9,55,379
Value of issues during the year	5,30,672	5,03,951
Balance at the end of the year	4,51,370	4,51,428

3. *Receipts.*—The particulars of receipts are as follows :—

	1888-89.	1889-90.
	Rs.	Rs.
(1) Value of stores obtained from the Secretary of State for India	2,28,247	1,64,570
(2) Value of stores obtained from Messrs. Baker and Co., London	1,886	..
(3) Value of European articles purchased locally ..	916	1,379
(4) Value of country articles purchased locally ..	2,07,178	2,51,517
(5) Value of stores obtained from other Presidencies	5	311
(6) Value of stores obtained from the Gun Carriage Factory	659	836
(7) Value of stores obtained from other departments	4,020	20,260
(8) Value of stores returned by officers	4,329	15,645
(9) Value of stores by adjustments in accounts ..	3,487	23,648
(10) Value of stores by adjustments of a variation of rates	9,184	25,843
(11) Value of miscellaneous receipts	300	..
Total ..	4,60,211	5,04,009

4. *Item No.* 1.—The figures under this head include the value of stores due on previous year's indents. In Rs. 2,28,247 is included a sum of Rs. 65,660-4-0, and in Rs. 1,64,570 a sum of Rs. 8,900-8-10. Thus the actual receipts of the year 1889-90 are Rs. 1,55,669, against Rs. 1,52,587 of 1888-89. The increase is due to the difference in the rate of exchange and to the addition of 18 instead of 15 per cent. to the English value of stores on account of Insurance and Establishment. (*Vide* G.O., Financial, No. 485, dated 2nd August 1889).

5. *Item No.* 2.—The usual indent on Messrs. Baker and Company for school books and materials to the extent of Rs. 527 was submitted through the Controller of Military Accounts in May 1889, but none of the articles has yet been received, and I have reported this to the Controller in my letter, dated 2nd May 1890, No. 677.

6. *Item No.* 3 is made up of the following articles of European manufacture which were purchased in the local market :—

		Rs.	A.	P.
(1)	19¾ qrs. carbon paper	74	6	4
(2)	7 reams cyclostyle paper	455	0	0
(3)	40 bottles cyclostyle ink	90	0	0
(4)	1,340 yards binders' cloth	663	0	4
(5)	7 qrs. marble paper	8	12	0
(6)	2 lb. printing ink, red	7	0	0
(7)	1 lb. printing ink, green	2	8	0
(8)	35 ink glasses with screw tops	14	12	0
(9)	27 penknives, double blade	16	14	0
(10)	Bibles and Prayer Books	46	14	0
	Total ..	1,379	3	2

7. The orders of Government, dated 6th November and 11th June 1889, Mis. Nos. 7679, Military, and 3566, Revenue, respectively, for the supply of carbon paper to the Ordnance Department and of cyclostyle paper and ink to all offices of the Revenue Department, having been received too late for inclusion in the annual indent for 1889-90 on the Secretary of State, small quantities of these articles were purchased in the local market to meet urgent demands (*vide* G.O., dated 1st February 1890, No. 62, Financial). 1,840 yards of calico (binders' cloth) were, as usual, purchased for covering service registers issued to public officers on payment. This article was included in my home indent for 1889-90, but was not received in time. 2 lb. of printing ink, red, and 1 lb. of green ink were purchased to meet emergent requisitions from the Superintendent, Public Works Stores, and the Postmaster-General, respectively. Bibles and Prayer Books were purchased locally for supply to drummers and musicians of the Military Department with reference to G.O., dated 25th October 1871, No. 1620, Public. Nos. 5, 8 and 9 :—These articles, amounting in value to Rs. 40-6-0, were purchased in the market as the stock on hand had run short and had not been replenished by a fresh supply from England.

8. *Item No.* 4.—After deducting the value of paper, &c., issued from this office to book-binders, &c., and brought to account when again returned into store in the shape of bound books, &c., the figures will stand thus :—Rs. 1,94,997 in 1888-89 and Rs. 2,44,485 in 1889-90, which represent the actual value spent under this head. The increase is chiefly due to the unusual demand during the year for printing double foolscap, 28 lb. and 16 lb., respectively, valued at Rs. 49,553, from the Board of Revenue (Land Revenue) for printing village account forms—*vide* Proceedings of the Board, dated 20th August 1888 and 31st May 1889, Nos. 434 and 979, respectively.

9. *Item No.* 5.—Under G.O., dated 22nd June 1889, No. 547, Public Department, this office was required to supply drawing and mathematical instruments to all public offices, and the Superintendent, Pearl Fisheries, Tuticorin, having submitted an emergent indent for certain mathematical and drawing instruments which were not available in store, I had to obtain them from the Mathematical Instrument office at Calcutta, and their value, viz., Rs. 311-4-0, was entered as a book adjustment.

10. *Item No.* 7.—Of Rs. 20,260, Rs. 17,664 represent the cost of drawing and mathematical instruments made over to me by the General Superintendent, Public Works Workshops, under the Government order referred to in the last paragraph, and the remainder is made up of the value of—

		Rs.	A.	P.
(1)	Service books	1,328	4	10
(2)	Lithographic Octavo Post	6	8	11
(3)	Section Imperial $\frac{1}{100}$ feet	573	6	7
(4)	Do. $\frac{1}{200}$ feet	306	7	4
(5)	Section Royal $\frac{1}{50}$ for rise and fall of rivers	331	4	0
	Total ..	2,595	15	8

11. *No.* (1).—Rs. 1,328-4-10 is the cost of service books supplied by the Superintendent, Government Press, for which paper, binders' cloth and tape were supplied by this office.

No. (2).—A small quantity of Lithographic paper damaged in store was sent to the Superintendent to be cut into octavo size, and received again into stock as Writing Octavo Post.

Nos. (3), (4) *and* (5).—As there was an unusual demand for section papers and as the home stock had run out, drawing papers of different sizes were supplied to the Superintendent, Madras Survey, to be ruled and received back into store. These items are not actual purchases. Papers, &c., supplied from this office and received back in another shape, are only given a value in the ledgers.

12. *Item* 8.—Rs. 15,645 represent the cost of articles returned to this office by officers as unserviceable or to be exchanged for other descriptions. The value of articles returned as damaged is Rs. 8,055 ; these were sent to Messrs. Rozario and Company for public auction, but their sale note has not yet been received.

13. *Item* 9.—Of the amount shown under this head, Rs. 5,642-6-9 were the value of articles adjusted in the accounts on account of excesses found in the annual stock-taking (*vide* G.O., dated 21st January 1890, No. 40, Financial). Certain articles of the same nature had previously appeared under different headings in the ledger; all these have been transferred to their proper heads, and their value, Rs. 16,124-5-6, appears under receipts, and the remainder, Rs. 1,881-7-11, is the value of articles adjusted under second issues, the first issues not having been received. The other items of receipts call for no special remark.

14. *Substitution of Country for European Articles.*—The statement marked F appended shows the different articles of Indian manufacture purchased during the year in lieu of similar European articles ; the net saving effected thereby is estimated at Rs. 45,669, against Rs. 22,686 in the previous year. It will be observed in the statement that there is a loss of Rs. 2-11-9 under color saucers, round, rough, which are usually obtained from the School of Arts ; but considering the quantity purchased annually under this head, the loss is trifling.

15. *Issues.*—The total number of indents received during the year was 935, against 909 in 1888-89. Of these, 168 were supplemental indents received from the following departments and admitted on explanation being furnished :—

	No.
Postal	2
Port Officer	2
Revenue Settlement Department	3
Collectorates	16
Revenue Survey	2
Salt and Abkári Revenue	1
Registration	2
Secretariat, Military Department	1
Ecclesiastical Department	1
Judicial	9
Government Solicitor	5
Public Works Department	41
Military Department	43
Government Press	4
Medical Department, Civil	6
Accountant-General	1
Forest Department	8
Educational	3
Miscellaneous	18
Total ..	168

In the previous year, the number of supplemental indents was 119.

16. In the year under review, indents were for the first time received from the Circle Paymaster, Rangoon, Sanitary Engineer to Government, and the Engineer-in-Chief, East Coast Railway Survey. The amalgamation of the Bombay and Madras Army Clothing Agencies has also increased the demand for stationery.

17. A comparative statement of the details of issues in 1888-89 and 1889-90 is subjoined :—

	1888-89.	1889-90.
	RS.	RS.
(1) Value of articles supplied to public offices free of payment—Provincial	4,57,063	3,80,922
(2) Value of articles supplied to public offices free of payment—Imperial	27,393	14,019
(3) Paper, &c., supplied for blank books, &c.	17,443	9,577
(4) Value of damaged articles disposed of by auction.	3,473	8,954
(5) Adjustment with reference to stock-taking and transfer of heads	3,747	18,404
(6) Articles issued on payment	20,604	19,617
(7) Adjustment on account of variation of rates, &c.	949	52,458
Total	5,30,672	5,03,951

18. *Items* 1 *and* 2.—It is observed that there is a decrease of Rs. 89,515 in the issues to public departments, which I consider is due to the careful preparation of indents with reference to actual requirements and to the minute scrutiny exercised in this office. Statement E appended to this review shows in detail the value of issues to the several departments during 1889-90, as required in G.Os., dated 23rd November 1888 and 21st January 1889, Nos. 875 and 27 (Financial), respectively.

19. *Item* 3.—This expenditure is only nominal, as the paper, &c., supplied under this head is returned in the shape of blank books, &c.

20. *Item* 4 is composed of articles found damaged at the time of stock-taking, and articles returned by officers as damaged. These were disposed of with reference to G.Os., Nos. 340 and 952, dated 20th April and 19th December 1888, respectively, by public auction. Among these, the articles mentioned below are prominent :—

	RS.	A.	P.
(1) 7 reams Lithographic Double Elephant, 360 lb.	6,871	9	5
(2) 12 reams, 8 quires, 20 sheets, Elephant, 140 lb.	854	9	11
(3) 840 yards Long Elephant	131	4	0
(4) 52 maps of India	566	5	0
(5) 39 reams, 5 quires, 8 sheets, Printing Double Foolscap, 28 lb.	186	14	6
Total	8,610	11	10

1 and 2 were among the several damaged articles returned by the Deputy Chief Engineer, Public Works Department, in June 1889. The damage in regard to Nos. 3 and 4 was explained in my letter to Government, dated 13th December 1888, No. 1409. No. 5 was returned by the Superintendent, Government Press.

21. *Item* 5.—Under G.O., dated 21st January 1890, No. 40, Financial, articles to the value of Rs. 2,275-10-7 were written off the accounts, being deficiency found at the annual stock examination. The remaining amount, viz., Rs.16,124-5-6, represents the value of articles transferred to other heads in the ledger for the reasons explained in paragraph 13 *supra*, and Rs. 3-7-10 is the value of articles adjusted in issues on account of errors discovered.

22. *Item* 7.—It will be observed that the variation in the rates under issues as well as receipts is much greater than in the previous year. This is due to fluctuations in the prices of articles and to the fall in exchange in the year 1889-90. The other items of issue call for no special remark.

3/248?

23. The subjoined statement shows the value of stationery supplied to each department during 1888-89 and 1889-90 :—

Imperial.

	1888-89.	1889-90.
	RS.	RS.
(1) Postal and Telegraph Departments	8,958	6,394
(2) Mysore Residency	555	545
(3) Commissioner of Coorg	5,904	5,825
(4) Regiments of other Presidencies in Upper Burmah	11,267	103
(5) Port Fund	709	1,152
Total	27,393	14,019

Provincial.

	1888-89.	1889-90.

(16) Other Miscellaneous Departments	22,217	26,290
Total	4,57,063	3,80,922

24. From the above statement there appears in the issues to public departments a saving of Rs. 76,141. But if from the amount of Rs. 3,80,922 Rs. 1,690, the value of drawing and mathematical instruments issued to public offices during this year, are deducted, the actual savings in the year under review would be really Rs. 77,831.

25. The value of stock at the close of the year was Rs. 4,51,428, but excluding the value of mathematical instruments, which are a recent addition this year, the value of the closing balance is Rs. 4,35,143, against Rs. 4,51,370 of 1888-89.

26. The subjoined statement shows the cash receipts and charges for the year 1889-90, compared with those for 1888-89 :—

Total ..	27,339	22,148	Total ..	2,26,899	2,68,304

27. *Receipts—Items* 1 *and* 3.—The value of stationery and service books issued on payment is Rs. 19,617 as shown in paragraph 17, while the amount in the cash statement as realized is Rs. 19,283 (Rs. 17,684 + Rs. 1,599). The following figures explain the difference :—

	Rs.	Rs.
Value shown in paragraph 17		19,617
Add—		
Value of stationery issued by Collectors to Municipality out of their stock and adjusted	856	
Value of marriage register forms sold and not included in stationery	1	
Value received for supplies made prior to 1889-90 ..	192

Value not recovered during 1889-90 for supplies made in that year	427	
Value of service books remaining unsold with Collectors ..	766	
		2,093
		19,283

28. *Item No.* 1.—The fall under this item is due chiefly to the small requisition from the Diwan-Regent of Pudukóta, who purchased in 1889-90 stationery to the value of only Rs. 4,344, whereas in the previous year he purchased to the extent of Rs. 7,782.

29. *Item No.* 3.—The demand for service registers was unusually large during 1888-89, owing probably to the recent strict orders of Government regarding the maintenance and verification of service registers.

30. *Item No.* 4.—The price of waste paper rose to 6 pies in 1889-90 from 2 pies in the previous year; hence the increase in 1889-90. The other items do not call for remarks.

4/2487

31. *Disbursements—Item No.* 1.—The difference between the amount shown against this item, viz., Rs. 2,45,591, and the value of stores purchased and brought to account during 1889-90, viz., Rs. 2,54,043 (Rs. 1,379 + Rs. 2,51,517 + Rs. 311 + Rs. 836), as shown in paragraph 2, is explained as follows :—

	Rs.	Rs.
Value of stationery purchased in India and brought to account in 1889-90		2,54,043
Add—		
Value of wooden articles adjusted in the books of Accountant-General in 1889-90 and communicated in 1890-91 ..	681	
Value of stationery supplied by the Commissary of Ordnance, included in Rs. 20,260 under receipts from other departments	9	
Value of stationery supplied by School of Arts in 1888-89 and paid for in 1889-90	24

Value of religious books paid by the Controller of Military Accounts	47	
Value of 20 lb. packing nails paid under I-B—Charge ..	2	
Value of 29 jars blue-black ink supplied by Messrs. Chandabhai and Co. in 1889-90 and not billed for	21	
Value of paper issued for blank books, &c., ...	9,018	
		9,166
		2,45,591

32. *Item No.* 1.—The cause of increase under this head has been explained in paragraphs 6, 7, 8 and 9.

33. *Item No.* 2.—The increase under this item is due to the maintenance of temporary establishment sanctioned in G.Os. (Financial Department), dated 10th October 1888, 20th April and 29th October 1889, Nos. 773, 244, 747—48, respectively. Other items call for no remarks.

34. *Service Books.*—The service registers of the employés in the Stationery Office have been duly written up with reference to G.O., dated 22nd February 1886, No. 396, Public Department.

35. The Board of Revenue (Revenue Settlement, Land Records and Agriculture), in its Proceedings, dated 20th May 1890, Mis. No. 2038, has brought to notice a letter from the Deputy Commissioner, Revenue Settlement, No. I Party, in which he states that the paper used at present for service books cracks at the folds. This I find to be so from my own experience, and I consider that hand-made paper should be used for these books in consideration of the constant handling they are liable to for years. The additional cost can be met by raising the value of the books.

36. *Consumption.*—I annex the usual statements showing the consumption of articles of stationery in the several departments noted in the margin during the year 1888-89, compared with the preceding year. These show the actual quantity consumed under each class of stationery; the figures are taken from the indents of officers for 1890-91. Papers are grouped under four heads, viz., (1) Writing, (2) Printing, (3) Country, and (4) Miscellaneous. Blacklead, red and blue pencils are grouped under one head, swan and goose quills under one, various descriptions of steel-pens under one, red sealing-wax, 1st and 2nd sorts, under one, and tape, European and country, under one head; the other articles are shown separately.

1. Collectorates.
2. High Court and District Courts.
3. Sub-Courts.
4. Forest Department.
5. Public Works Department.
6. Military Department.
7. Other Departments.

(*a*) *Writing Paper.*—The total consumption under each department is shown in the margin, and it is observed that the total expenditure during 1888-89 is less than in the preceding year by 2,107 reams, and that in all the departments, except the Forest, where the increase is a little more than a third of the consumption of the previous year, there is a decrease in the expenditure in 1888-89. From Statement I relating to Collectorates, where a large quantity of writing paper is used, it is noticed that in the districts of Kistna and Salem the expenditure in 1888-89 is nearly double and treble, respectively, that of the previous year. The increase in other districts is trifling. In the Judicial Department (Statement II), there is also a comparatively large expenditure under writing paper; the only district where the increase is noticeable is South Canara, where the consumption in 1888-89 is nearly one-third more than in the preceding year. In the Forest Department (Statement IV), the increase in 1888-89 is chiefly due to the District Forest officers of South Arcot and Salem and to the office of the Examiner of Forest Accounts; the increase (in the latter) is striking—the consumption in 1888-89 being nearly five times as much as in the previous year. The consumption in other departments call for no remarks.

(*b*) *Printing Paper.*—From the statement given in the margin, it is observed that there is also a decrease under this head to the extent of 3,014 reams, although there is a noticeable increase in the Forest and Miscellaneous departments. The increase in the former is chiefly found in the district offices of Kurnool, North and South Arcot, Tinnevelly, North Coimbatore, and in the office of the Examiner of Forest Accounts. Under Miscellaneous Departments, the increase is in the Government Press and with the Commissioner, Revenue Settlement, Land Records and Agriculture, as will be seen from Statements IV and VII; the increase in the Board of Revenue (Revenue Settlement, Land Records and Agriculture), and in the Examiner's office is very striking, the consumption being more than twice and treble, respectively, that of the previous year. An increase under this head is also noticed in the Collectorates of Chingleput, Kurnool, Nilgiris and Tanjore.

(*d*) The subjoined abstract of the total consumption of black ink-powder, blue-black ink and red ink-powder (Fuchsine) shows an increase in black ink-powder, which is chiefly due, I think, to taluk and village officers being now supplied with this article instead of being allowed to procure it locally:—

(*e*) Under each of the heads, Pencils, Quills and Steel Pens, the consumption in 1888-89 is less than in the previous year, as shown in the abstract given below. The increased expenditure of pencils in the Collectorates was probably due to the cause assigned in the last paragraph. But the cause of the increase in the office of the Examiner of Forest Accounts is not known:—

The Collector of Coimbatore expended 258¾ lb. of red sealing-wax in 1888-89 against an expenditure of only 90 lb. in 1887-88, and the Collector of Madura used 251 lb. against 15 lb. The Conservator of Forests, Southern Circle, consumed 31½ lb. of red sealing-wax and 100 rolls of tape, against 4⅜ lb. and 46 rolls, respectively, in the previous year. Against the High Court, Original Side, there is an expenditure of 1,384 yards of wax-cloth, while the consumption in 1887-88 was only 944 yards.

37. My report on the result of the inspection of districts regarding economy in the use of stationery is under preparation and will be submitted by the 1st week in August next.

ORDER—dated 26th August 1890, No. 584, Financial.

His Excellency the Governor in Council notices with satisfaction the large saving in 1889-90 of nearly Rs. 46,000, due to the substitution of country for European articles (paragraph 14) and of Rs. 90,000 in the cost of the issues of stationery to public departments (paragraph 18). These gratifying results are, as the Superintendent remarks, mainly due to the minute scrutiny exercised in his office, which is very creditable to those concerned.

2. With reference to paragraph 16 of the report, the Superintendent should carefully call in question every indent, from officers not heretofore supplied at the cost of Provincial revenues, or for supplies in excess of the normal requirements of the service. The circumstances under which indents from the Circle Paymaster, Rangoon, and the Army Clothing Agency, Bombay were complied with, and the amounts involved, should be reported to Government. It is presumed that the supplies to the Engineer-in-Chief, East Coast Railway Survey, were made on payment.

3. The proposal in paragraph 35 to use hand-made paper for service books and to raise the selling price of the copies is approved.

4. The attention of officers concerned is directed to the Superintendent's remarks in paragraph 36 of the report. The Examiner of Forest Accounts should be called on to explain the large increase of consumption under almost every item of stationery, and the Collectors of Coimbatore and Madura, the Conservator of Forests, Southern Circle, and, with the permission of the Honorable the Judges, the Registrar of the High Court will be requested to account for the abnormal variations in the expenditure of wax-cloth, sealing-wax and tape as compared with 1888-89.

5. The Superintendent should state under what circumstances 4,309 papers of black ink-powder were supplied to the Collector of Madura in 1889-90 against only 160 in the previous year.

6. Separate orders will be issued regarding the measures to be adopted for ensuring greater economy in the use of stationery.
