GOVERNMENT OF MADRAS.

# PUBLIC WORKS DEPARTMENT.

**General.**
**Account.**

READ—the following papers:—

From the Director-General of Telegraphs, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 30th August 1890, No. 3035.

I have the honor to forward an extract of that portion relating to Madras of my annual schedule of requirements for original Telegraph department building works for 1891-92, and to request that a similar provision may be made in the Provincial schedule.

2. As you will observe, I have, as usual, made no provision for repairs.

---

From the Director-General of the Post Office of India, to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 3rd September 1890, No. 6339.

In accordance with the Resolution of the Government of India in the Public Works Department, No. 422-39 A.G., dated the 7th August 1873, I have the honor to furnish on the margin details of the probable requirements of this department for public works in Madras (including Mysore) for the year 1891-92, and to request that His Excellency the Governor in Council in the Department of Public Works may be moved to include the same in the Madras Provincial schedule.

2. These amounts have been entered in the general schedule submitted by this office to the Government of India.

ORDER—dated 24th September 1890, No. 2530 W., Public Works.

Ordered that the accompanying schedule of requirements under Imperial Civil Works for 1891-92 be forwarded to the Government of India.

2. With reference to Proceedings of the Government of India, Public Works Department, No. 437 A.C.—W., dated 14th December 1889, the grant for Postal and Telegraph minor works should be held in reserve at the disposal of the Directors-General concerned, and not included in the budget estimate of this Presidency. As, however, the Director-General of Post Offices requests that the grant for Postal minor works should be included in the Madras schedule, a sum of Rs. 9,500 has been provided therein for the purpose.

3. The current year's grants of Rs. 8,000 and Rs. 5,000 respectively under Postal and Telegraph repairs have been found insufficient, and it has therefore not been possible to provide funds for several urgent demands from Superintending Engineers. Increased provision has on this account been made in the schedule for 1891-92.
