GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers :—

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezvada, 5th May 1890, No. 50 GL.

With reference to your memo. No. 1925 C. of the 19th April 1890, I have the honor to forward herewith, a revised proposition statement showing the temporary establishment required during the current official year, together with the reasons which necessitate their entertainment.

2. With reference to para. 2 of your memo., I have to state that the following clerks assist the accountants in the several divisions noted below in the preparation of their accounts :—

KISTNA EASTERN DIVISION.

- 1 Cashier-clerk, 4th class, 3rd grade.

5

The clerks marked * are not exclusively employed in assisting accountants; the others are.

As regards the special need for additional temporary clerks in each division to assist the accountant, I beg to suggest that the Examiner be consulted, as he probably knows the amount of reduction in accounts work now under contemplation, and the assistance referred to above is sufficient or not. Pending your reference to the Examiner these posts have been duly provided for in the statement herewith.

3. With reference to para. 3 of your memo., I beg to state that an additional draftsman, 2nd class, Kistna Eastern division, was first sanctioned for 6 months in G.O., No. 1804 W. of the 22nd July 1881, to clear off arrears and to cope with current work. As the drawing work in the Eastern division was always heavy, sanction of Government was obtained in subsequent years to his continued employment. The same reasons apply for his entertainment during the current year. I am personally aware that the work in the Draftsmen branch in this office is much in arrears now and has been since I took charge of the circle.

4. As directed in para. 4 of your memo., the temporary clerk for the Northern Sub-division, Kistna Eastern division, has been omitted in the enclosed statement, in view of a new Sub-division being sanctioned as requested in my letter No. 283 K.S., dated 28th April 1890.

5. As regards cashier for the Nellore division, there are not many works in the division carried out departmentally, but considering the heaviness of the work of the division since the amalgamation of the Sangam project division with it, and pending the submission of my proposal to make it a first-class division, I request that the cashier be sanctioned.

6. I request that sanction may be accorded for the temporary establishment as now applied for in the statement, as also for the following appointments struck out from it, for the periods noted against them:—

KISTNA EASTERN DIVISION.

- 1 Clerk on Rs. 15 for the Northern Sub-division to end of May 1890.
Press office establishment for March 1890.

Office note from the Examiner, Public Works Accounts, dated Madras, 7th June 1890, No. 3328.

ORDER—dated 27th June 1890, No. 1778 W., Public Works.

The temporary establishment required in the II Circle during 1890-91, as detailed in the statement submitted by the Superintending Engineer with his letter above recorded, is sanctioned with the exception of the cashier in the Nellore division and the assistants to the accountant proposed for the Kistna Eastern and Western and Nellore divisions. The necessity for these extra hands has not been proved.

2. With reference to para. 6 of his letter, the Superintending Engineer will submit a separate application for the employment of the establishment therein referred to.

3. This sanction has been registered as Provincial No. 23 W. of 1890-91, and classified as Establishment, Temporary.

JUNE.

From J. E. Paul Esquire, Executive Engineer,
North Western Division, to the Supy Engrs,
2nd circle. Dated 12th September 1890, No. 302

I have the honor to submit herewith
a proposition Statement for a temporary
Clerk on Rs. 15 for 3 months for the exami-
nation and re-arrangement of the records
of this Division which are kept since
1876 and to request that you will be so
good as to obtain the sanction for the
same at an early date.

2. The records were, I believe,
arranged in 1880 but since that time,
principally on account of want of room
through the officer's living in the office
building, the arrangement of the records
has not been what it should be for
the rapid despatch of business and a
large quantity of rubrics in writing
is now mixed with the records. A list
should be made of these records and
then proposals made for the destruction
of those that are not required.

I have &c.
