GOVERNMENT OF MADRAS.
PUBLIC DEPARTMENT.

READ—the following paper:—

From R. HILL, Esq., Superintendent, Government Press, to the Chief Secretary to Government, dated Madras, 24th July 1890, No. 2220.

I have the honor to submit the annual report on the working of the Government Press, and its branch at the Penitentiary, for the year 1889-90.

2. *Superintendence.*—On the 2nd November 1889 Mr. Thomas Fisher took up his appointment as Deputy Superintendent.

3. *Accounts.*—The cash realizations of the year amounted Rs. 28,113-1-10, and were Rs. 1,862-10-2 more than in the previous year. There was an increase in the advertisements appearing on the wrapper of the Madras series and in the sale of the complete series of the Indian Law Reports, in the sale of press stores, and in printing, binding and supplying railway rules to the several railway companies. Under Adjustments there was a small increase of Rs. 524-5-2. The total receipts were Rs. 47,890-13-3, against Rs. 45,503-13-11 in 1888-89 (see Statement No. 1).

4. The budget grant for the year was Rs. 2,00,000; the total expenditure amounted to Rs. 2,13,747-4-2 against Rs. 1,99,224-13-11 in 1888-89.

5. The long-standing credit and debit balances in the personal ledger account have been dealt with and finally adjusted.

6. *Profit and Loss Account.*—The balance to the credit of the Press on this account is Rs. 93,154-4-1 (see Statement No. 2), and is exceptionally large owing to the revision of the plant account for last year causing an addition to plant of Rs. 73,846-6-10.

7. The following statement shows the cash disbursements, book debits and the percentage which the working expenses of each department bear to the subsidiary expenses. The percentages are higher in all departments excepting the press and machine department when compared with 1888-89. The percentage for the type foundry is very high, caused partly by the inclusion of items not shown last year, and the depreciation rate for plant requiring revision and reduction:—

Departments.	Cash Expenditure.			Book Debit.		Total of columns 4 and 5.	Percentage of columns 3 and 5 on payments to workmen, column 2.	in Percentage 1888-89.
	Payments to workmen, &c.	Supervision, clerical establishment, &c.	Total of columns 2 and 3.	Wear and tear, pensions, &c.

* Includes Rs. 229-11-6 value of convict labor.

† Includes Rs. 561-14-0 value of convict labor.

8. Statement No. 3 shows the apportionment of expenditure under earnings and salaries of workmen, overtime, supervision, taxes, contingencies and clerical establishment.

9. *Publications.*—There was a decrease of Rs. 432-2-11 in the sales of Acts and other publications. The free issues to public offices were double the value of the preceding year. The value of the stock on sale was considerably added to during the year by the transfer of books from the library of the Chief Secretariat.

	1889-90.		1888-89.

10. *Plant.*—The value of the stock of printing materials was Rs. 2,28,796-7-11, against Rs. 2,32,868-8-11 at the end of 1888-89. At the Penitentiary Branch a new royal printing machine was substituted for an unserviceable one; in the type-foundry a new type-casting machine and 18 sets of moulds were added; in the binding department an iron standing press was added. The value of the materials received from England was Rs. 5,407-5-4, against Rs. 5,757-5-7 in the preceding year.

12. *Bills checked and passed for payment.*—During the year 439 bills were checked and passed amounting to Rs. 1,02,265-9-8, against 484 bills for Rupees 1,05,531-3-3 passed in 1888-89.

13. *Printing.*—The work printed during the year was of the usual descriptions—proceedings, reports, returns, gazettes, book-work and miscellaneous forms. The first volume of Dr. Hultzsch's South Indian Inscriptions, Dr. MacNally's Sanitary Hand-book for India, the Madras Journal for 1888-89, four catalogues for the Superintendent, Government Central Museum, a catalogue of Mysore Coins for the Mysore Government, were issued. The printing of the Jail monthly circulars was commenced in January last. The expenditure for printing and binding on the third volume of the Manual of Administration was Rs. 7,003-1-9, the binding charges from June 1885 to March 1889 were Rs. 928-13-0, and the total cost to the end of the year was Rs. 40,559-4-0.

14. The value of the work printed was Rs. 2,12,215-3-11, against Rupees 2,00,712-11 in the previous year (see Statement No. 4).

15. There was an increase of 16,000,000 impressions under "3. Land Revenue," for revised village account forms; 2,000,000 impressions for "12. Registration;" and 5,000,000 impressions under "19. Law and Justice," of which 3,000,000 impressions were for Civil Procedure Code forms (see Statement No. 5).

16. There was an increase of 2,124 pages of solid matter, 779 pages of half tabular matter, and 1,822 pages of full tabular matter set up during the year.

	1889-90.			1888-89.		
	Solid.	Half Tabular.	Full Tabular.	Solid.	Half Tabular.	Full Tabular.

Total	72,962	16,039	12,399	70,738	15,260	10,577

There were also 10,317 pages remade-up. Reduced to an equivalent of pica foolscap folio, there were 4,618 pages more than in 1888-89, and 846 pages more of remade-up matter. The impressions printed off were 17,896,724 in excess of 1888-89.

	1889-90.	1888-89.

Cost per forme for 1,000 impressions	0 4 2	0 5 1 — 0 11

18. *Binding*.—In this department, which includes the warehouse department, there were but few books bound in a superior style, plain sheepskins being used for nearly all the leather bindings. The following statement shows the descriptions of work and quantities:—

	Government Press.	Penitentiary Press.		Government Press.	Penitentiary Press.
Full morocco, roan, calf, ekiver, with gilding .. books	10		Mounted on cloth or leather .. No.	46	
Half morocco and gilt .. "	155		on board .. "	430	
Half roan and gilt .. "	36		Folding, stitching and pasting .. "	2,097,040	496,997
Half calf and gilt .. "	603		Cutting .. "	454,012	22,450
Full bound sheepskin .. "	5,881	3,357	Numbering .. "	2,108,501	1,094,788
Half bound sheepskin .. "	4,382	950	Ruling .. "	4,362,630	2,058,444
Full bound calico .. "	9,490		Perforating .. "	717,089	166,694
Half bound calico .. "	500		Miscellaneous .. "	25,907	
Stiff marble cover .. "	24,204	13,660	Stitching with cartridge .. "		22,906
File boards .. pairs	1,133		Envelopes .. "	43,954	114,356
			File books .. "	325	1,388

The value of the binding was Rs. 30,127-6-10, against Rs. 33,144-11-1 in 1888-89 (see Statement No. 4).

19. *Type Foundry*.—There are now 3 type-casting machines at work for casting types, quadrats, and spaces; the leads and quotations are cast by hand moulds. During the year 3,931 lb. of english types, 1,700 lb. of vernacular types, 6,245 lb. of quadrats, 5,133 lb. of leads, 901 lb. of quotations, and 925 lb. of stereotype plates were cast. 2 type moulds, 213 punches, and 138 matrices were also made. In this department miscellaneous small jobs are done in lead, brass, iron and wood. 18,836 lb. of metal were cast, as against 12,485 lb. cast in 1888-89. The value of the types cast was Rs. 8,266-3-11 (see Statement No. 4).

20. It will be seen from the above paragraph that the type foundry is beginning to meet the requirements of the press as put forth in G.O., 10th September 1887, No. 992, Financial. In 1887-88, 10,688 lb. of metal were cast, being the ordinary quantity turned out; in 1888-89, 12,485 lb. were cast; and last year 18,836 lb. were produced. A fourth type-casting machine has been ordered, and two more machines are required before the foundry can meet the current demands for deficiencies, leads and quotations, and cast up complete founts so that each department may be periodically stocked with new type. As soon as these machines are obtained, a complete electro-typing apparatus will be purchased.

21. *Establishment*.—On the 31st March 1890, there were 9 clerks, 270 printers on the permanent, and 359 on piecework, 99 binders, and 20 casters in the Government Press; at the Penitentiary Branch there were 17 printers on permanent and 20 on piecework, and 33 binders—total, 827 employes.

22. *Earnings of Compositors*.—The average monthly earnings of each compositor was Rs. 15-13-5 at the Government Press and Rs. 10-3-4 at the Penitentiary Branch; in 1888-89 the averages were Rs. 14-15-9 and Rs. 10-2-10 respectively. On taking the sums earned by each compositor at the Government Press, I find—1 compositor's average monthly earnings were above Rs. 30, 17 compositors earned above Rs. 25, 58 earned above Rs. 20, 134 earned above Rs. 15, and the remainder were below Rs. 15. At the Penitentiary Branch the average monthly earnings of 2 compositors were above Rs. 15, 9 earned above Rs. 10, and the remainder were less.

23. *Convict Labor*.—In the early part of the year in consequence of the large numbers of copies required for "3. Land Revenue," and for "19. Law and Justice," arrangements were made with the Superintendent of the Penitentiary to lengthen the time of working at the Penitentiary Branch by one-and-a-half hours daily; two sets of men were arranged for the presses, one set working from 7 A.M. to noon, the other set working from noon to 4-30 P.M.; by this arrangement 50 per cent. more work has been turned out daily by each press. With the machines, it has been so arranged that they are not stopped during the dinner hour, and they work until 4-30 P.M. For several months 2 European prisoners have been working as compositors, they are intelligent men and have made satisfactory progress. The average daily attendance of

prisoners was 177 adults and 9 juveniles, against 132 adults and 8 juveniles employed in 1888-89.

24. *Service Registers*.—The service registers of the permanent establishment have been written up to the end of the official year.

25. *Replies to G.O., 27th February 1890, No. 155, Public*.—With reference to paragraph 3, I have to state that Rs. 731-4-0 was the postage received from subscribers for the gazette, and Rs. 479-2-6 was spent in service postage labels for postage to the subscribers; Rs. 187-14-9 is postage received for supply of Acts and other publications, and is used for that purpose. With reference to paragraph 7, the quarterly register in use contains the dates of receipt of subscriptions to the gazette for each quarter that a subscription is paid, the names of the subscribers are in alphabetical order, and the register is used by the clerk in despatching the gazettes; the counterfoil receipts are for checking the cash book, and the register can be referred to by the auditor; the introduction of a monthly register for quarterly subscriptions is therefore unnecessary. The gazettes for the mofussil are always printed on thin paper to save postal charges; they are supplied to 1,140 officials in the mofussil, the average postage for a week being 1 anna 4 pils for each official. With reference to paragraph 8, the pension (Rs. 2,000) paid in England to Mr. Keys, the late Superintendent, was added to the pensions paid in 1888-89 but was not included in 1887-88; during the year eight employes retired on pension and one received a gratuity.

26. With reference to paragraph 11 of the above G.O., the value of work done for this year (1889-90) was prepared upon the reduced valuation scale in force, and at the end of the year a percentage reduction was made to reduce the values to the actual cost incurred for the year (see Statement No. 4). In future the rate of wages paid to compositors will be the basis for composition charges, the cost per 1,000 impressions will be settled relatively to the monthly expenditure, and the monthly charges will be worked out approximately for the several classes of work done in the bindery; at the end of the year the cost for supervision, clerical establishment, house-rent, taxes, contingencies, wear and tear, pensions, &c., will be proportionately added to the cost incurred; the wishes of Government will then be met with the present employes working on the accounts of the office. In technical industries like printing and binding, and in a large office where there are such quantities and varieties of small work passing through the press, it is an impossibility to work out the actual cost for each class of work without incurring an expenditure for clerical labor during the progress of the work out of proportion to the results attained.

ORDER—dated 4th September 1890, No. 627, Public.

Owing to the frequent changes in the rates of valuation adopted by the Superintendent in Statement No. 6 of the report, the Government finds it difficult to compare the results of one year with another, and to judge whether Heads of Departments endeavour to restrict their printing operations to the lowest possible limits compatible with the requirements of the service. The Superintendent should therefore arrange to carry out the already expressed wishes of Government in this matter.

2. The subjoined abstract shows, on the data furnished by the Superintendent, in what departments the value of printing work executed during 1889-90 exceeded or fell below that for the previous year:—

Government Departments.	In Thousands of Rupees.		
	1888-89.	1889-90.	Difference.
Collectors, &c.	20.5	22.7	+ 2.2
Board of Revenue (Land Revenue)	15.4	16.6	+ 1.2
Do. (Separate Revenue)	17.7	14.9	- 2.8
Do. (Settlement)	14.8	6.3	- 8.5
Chief Secretariat	19.6	24.8	+ 5.2
Military Secretariat	9.2	9.6	+ .4
Revenue Secretariat	11.7	13.0	+ 1.3
Manual of Administration	9.1	7.0	- 2.1
High Court, Appellate Side	1	2.6	+ 1.6
Director of Public Instruction	6.5	8.4	+ 1.9
Commissioner, U.C.S. Examinations	4.8	6.7	+ 1.9
Superintendent of Stationery	3.1	6	+ 2.9
Registration	9.5	10.7	+ 1.2
Births, Deaths and Marriages	4	1.1	- 2.9
Public Works Secretariat (Railway)	3.6	4.8	+ 1.2
Do. do. (Irrigation)	4.5	5.3	+ .8
Do. Examiner	3.9	4.8	+ .9
Post Office	2.0	1.0	- 1.0
Fort St. George Gazette	28.2	20.2	- 8.0
Private Work	18.7	32.0	+ 13.3

2648
11

3. The reduction of 8.5 under the Board of Revenue (Settlement Department) is nominal, as 6.3 has been transferred to work of which the cost is recoverable, and as an increase of 1.5 appears in Statement No. 7.

4. Under printing in private presses, the following variations are noteworthy:—

Departments.	1888-89.	1889-90.	Difference.
Collectors			
Inspector-General of Registration	3.2	1.0	- 2.2
Board of Revenue (Land Revenue)	2.4		- 2.4
Do. (Settlement)	.6	1.6	+ 1.0
Inspector-General of Police	5.9	7.4	+ 1.5
Director of Public Instruction	3.7	6.1	+ 2.4
Government Astronomer	16.7	2.1	- 14.6
High Court Suits' Fund	2.2	1.2	- 1.0
	41.2	51.4	+ 10.2

5. It would be convenient if the Superintendent could arrange in future to add a column in Statements 6 and 7, exhibiting the total value of the work done for each department in the year immediately preceding that to which the report relates. The cause of variations should also be stated whenever possible.
