Sir,

I have the honor to forward the accompanying copy of letter No 872nd dated 31st July 1890, from the Executive Engineer, Madras Division, Military Works, with the advice of transp. debit No 17 of 14th June 1890 for Rs 749-13-2, being the value of stock materials remaining at Wellington and inform you that these materials were originally intended for the works at that station, and, as it will be too expensive to cart them to Cotacamund, I request you will be pleased to obtain the orders of

of Government authorizing the Military
the Works Branch for the acceptance of the

2. As the materials were originally
held in stock for military works at
Wellington, it is considered that with
the transfer of those works to the military
Works Department, the latter are equi-
tably bound to take over these materials
as well, as the retention of these by
this Department will only entail a
loss to Provincial Funds.
