Herewith I submit (by circles) the quarterly report of completion reports overdue on the 31st August 1890.

2. According to the information available the total number of completion reports certainly overdue on that date was 121, of which 77 were overdue for twelve months and more. Details are shown by circles in the following table:—

3. There is a great reduction in the arrears of completion reports due (see first table), the number being only 121 against 385 as reported in the last quarterly report (see G.O., No. 1764 W., dated 26th June 1890). The Ganjam, Nellore and Chingleput divisions are those in which the number of overdue completion reports is still greatest, the number being 26, 24 and 19, respectively.

4. The following table shows in detail the divisions from which replies have not been received to inquiries made by me regarding works for which it seems probable that completion reports are due and also the number of works concerned in each case:—
