JANUARY.

Road, Trichinopoly District.

Estimate of Rs.13,800, for metalling three miles of — No. 4 in the Trichinopoly taluk, sanctioned.

but the Local Fund Engineer
states that they cannot.
The stone in the quarry from
which it is proposed to get
metal, is very hard, and
difficult to quarry and
extremely hard to break; and
the rate allowed for screened
gravel is according to the
schedule which has been in
force in the District for
several years.

NOTE OF REMARKS.

The estimate under
review amounting
to Rs 13,800 provided
for metalling & gravelling
the 10th 11th & 12th
miles of road No. 4
in the Tridhin Taluk -

The rates for metalling
& gravel are higher
than the rates given
in the Schedule, which
are not in force
on the 1st, and
the Supt. Engr. quotes
them, but it is
planned that the
quarry from which
the metalling is to be
obtained is difficult
to work and that
the stone is extremely
hard to break, and
the rate for gravel
is according

In this schedule which
has been in force
in the Dist. for several
years - The Deputy Eng.
Considers the Explanation
Satisfactory.

The metalling will
be 12' x 6" and the
graveling 12' x 2".

The road will cost
Rs 4,600 per mile.

The Estimate has
been countersigned
by the President of
the Dist. Board.
