10TH OCTOBER 1890, No. 2674 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General
Account.

READ—the following papers:—

From J. W. MARTIN, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Prakkilanka, 7th September 1890, No. 1170 G.D.

I have the honor to bring to your notice that in G.O., No. 1560 W., dated the 21st June 1886, the 25th of each month was fixed as the due date for the arrival of the monthly accounts from the Western division, Godáviri, in the Examiner's office. But since the date of the Government Order mentioned the Central Delta has been added to the Western division. In consequence of this there is a considerable increase in the office work, and the Executive Engineer reports he cannot send off the accounts sufficiently early to reach the Examiner's office on the 25th of each month, and therefore he requests that the date should be changed to the 30th of each month, the same as is the case in regard to the accounts submitted to the Examiner by the Executive Engineer, Eastern Division, Godáviri.

2. The Executive Engineer's request is, I think, under the present circumstances, reasonable, and therefore I recommend that the date for the accounts of the Western division, Godáviri, to arrive in the Examiner's office should be changed from 25th to 30th of each month.

Office note from the Examiner, Public Works Accounts, dated 26th September 1890, No. 5773.

Under the circumstances there appears to be no objection to the due date of receipt of accounts in Examiner's office being extended to the 30th of each month.

ORDER—dated 10th October 1890, No. 2674 W, Public Works.

In the circumstances explained by the Superintending Engineer the date of the receipt of the accounts of the Godáviri Western division in the office of the Examiner, Public Works Accounts, is extended to the 30th of each month.

SIR,

I have the honor to bring to
your notice that in G.O. No. 1560 W. dated
the 21st June 1886 the 25th of each month
was fixed as the due date for the arrival
of the monthly accounts from the Western
Div. Godavari in the Examiner's Office.
But since the date of the Government
Order mentioned the Central Delta has
been added to the Western Division.
In consequence of this there is a consi-
derable increase in the office work, &
the Engineer reports he cannot send
off the accounts sufficiently early to
reach the Examiner's Office on the 25th
of each month, and, therefore, he
requests that the date should be
changed to the 30th of each month the
same as is the case in regard to the

accounts submitted to the Examiner
by the Executive Engineer Eastern
Division Godavari.

The Executive Engineer's request
is, I think, under the present circum-
stances reasonable, & therefore I re-
commend that the date for the
accounts of the Western Division
Godavari to arrive in the Exa-
miner's Office should be changed
from 25th to 30th of each month.

I have the honor to be,

Sir,

Your most obedient S^t.
