GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Captain H. A. STREET, H.M.'s I.M., Presidency Port Officer, to the Chief Secretary to Government, Marine Department, dated Madras, 25th July 1890, No. 266-377 G.

I have the honor to forward, herewith, for sanction of Government and for the necessary appropriation of funds, an estimate, amounting to Rs. 3,450, for constructing two additional wings to the jetty and repairing the existing wharf at the port of Porto Novo. These works I consider necessary and should, I submit, be carried out as expeditiously as possible, as the condition of the wharf at present is reported to be unsatisfactory. The cost can be met from Port Funds.

2. The trade of the port, I may add, sufficiently warrants this expenditure, and the District Port Fund of South Arcot has a fair balance to its credit.

From the same Officer, dated Madras, 6th August 1890, No. 266-395 G.

With reference to Marine Department Reference on No. 680, of 31st July 1890, I have the honor to acquaint you, for the information of Government, that the work in question is to be carried out by the Public Works Department.

Approved and transferred to the Public Works Department.

(Signed) J. F. PRICE,
16th August 1890. Chief Secretary.

No. 3520 C.

Forwarded to the Superintending Engineer, V Circle, for countersignature to the plan and estimate, and early return, if approved.

(Signed) J. PENNYCUICK, Colonel, R.E.,
25th August 1890. Secretary to Government, P.W.D.

From Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepâk, 16th September 1890, No. 2840.

With reference to your memorandum No. 3520 C., dated 25th August last, I have the honor to return countersigned, in token of my approval, the plan and estimate of Rs. 3,320 for constructing two additional wings to the jetty, &c., at Porto Novo.

2. A provision of Rs. 812 is also made in the estimate to cover the cost of Public Works establishment and tools and plant at the established percentages.

Order—dated 14th October 1890, No. 2691 W., Public Works.

The estimate for constructing two additional wings to the jetty and repairing the existing wharf at Porto Novo has been reduced from Rs. 3,450 to Rs. 3,320, for which amount it is sanctioned.

Port Funds.	Rs.
Works	3,320
Establishment	764
Tools and plant	50
Total ...	4,134

2. The Financial Department will be requested to place a sum of Rs. 4,134 as shown in the margin, at the disposal of the Public Works Department.

3. This sanction has been registered as Excluded Local No. 27 W. of 1890-91, and classified as Miscellaneous Public Improvements, Original Works.

Letter No. Tel. 2611/96

Dated 11th August 1896

From the Marine Department

NOTE OF REMARKS.

The accompanying plan & Estimate, the latter amounting to Rs 3,450 provide for constructing two additional loings, and repairing the jetty at Porto Novo in the Cuttack Circle Division.

It is explained in the report accompanying the Estimate that the work was constructed in 1878 and the platform number A on plan was added in 1881-82.

In 1889 the Marine Dept. called upon the Dept. to inspect and report on the present condition of which it was considered to be unsatisfactory.

The result of this inspection is the Estimate under review which provides for constructing two additional loings, for protecting the head of the jetty and for fencing loings with

fender piles 8" dia or fifteen ft in length to be placed 6 ft apart and connected together, and in front of piers -

The rates for taking work and bringing iron are fair & the other rates correct in checked -

Contingencies and Petty Supervision are provided for at 5 & 3% respectively -

The Estimate has been countersigned by the Presidency Port Officer and approved by Govt. in the Marine Deptt:

Apparently the Supdg: Engineer has not seen the plans & Estt: and it may be necessary to refer them to him before they are sanctioned

The manner in which the fender piles are to be connected together by "working piles" is not understood and the details of which are not shown on the plan.

NOTE OF REMARKS.

The accompanying estimate amounting to Rs 4,134 for constructing two additional wings to the Jetty at Porto Nano in the South Arcot District has already been sanctioned (vide T's note in the file).

The estimate was returned to the S.E. V circle for countersignature & is now returned approved & countersigned.

The estimate as originally submitted amounted to Rs 3450, which did not include the percentage charges for Establishment & Tools & Plant. This amount has now been reduced

to ~~Rs~~ 3320 & ~~Rs~~ 812 have been added for percentage bringing the total amount of the Estimate up to ~~Rs~~ 4,132.
