C. 12. 9002
In the account
opening, the
the P.W. Dept.
of the P.W. Dept.
the P.W. Dept.
requests that the
be informed of the
details of all
small amounts
proposed by the
to be paid to the
minor works, and
Repairs. As however
such all to be
are required for
in future expenditure
on work the details
can be furnished
when the allotment
of applied for
the expenditure
incurred on work
appertaining to the
Main Dept. is
adjusted through
the Central Accounting
Account. The
procedure is as
follows:-

To Revenue. When a
item of expenditure
appears in the
account, which
can only be disposed
of by passing it
to an account officer
of one of the non-
civil departments
(such as Military,
Marine, Post Office,
Police, &c.) or to a
credit to a certain
account, a statement
of original items in the
full detail of such
items should then
be entered in a detail
statement which will
be rendered by the
Examiner of P.W. to
the account officer
in charge. To this
statement will be
attached Schedule
(a separate one for
each account officer
debited or credited)
which are submitted
to the officer debited
or credited, who
in this case would
be the Presidency
Sect. Officer.
It will therefore
be seen that the

the details of expend-
iture become known
to the Presidency
Sect. Officer after
the expenditure has
been incurred, & it
for this reason it
would not appear
advisable to impose
on Sect. Engineer
the unnecessary
duty of furnishing
the Sect. Officer
from time to time
with details of
expenditure from
the lump sum
grant.

Drawn order
submitted for
approval.
