READ—the following paper:—

From G. H. D. WALKER, Esq., Under-Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 18th September 1890, No. 2564 G.

In reply to your letter, No. 2265 W., dated the 21st August 1890, forwarding for orders a note by the Examiner of Public Works Accounts pointing out that the sanction of the Secretary of State is necessary to the appointment of Mr. Irwin as a Superintending Engineer, I am directed to refer you to the correspondence noted on the margin and to forward for information copy of despatch to Secretary of State, No. 303, dated the 27th October 1885, and of His Lordship's reply, No. 93, Financial, of 31st March 1886.

ENCLOSURES.

Copy of a Despatch, No. 303, dated 27th October 1885, from the Government of India, to the Secretary of State for India.

We have the honor to invite attention to the correspondence ending with the Duke of Argyll's Financial despatch No. 95, dated 6th March 1873, on the subject of the appointment of a Consulting Architect to the Government of Madras as a permanent measure. It was therein decided that a successor to the then incumbent of the post (Mr. Chisholm) was not to be appointed without our previous sanction.

2. Mr. Chisholm having applied to retire from the service, the Government of Madras has requested sanction to the continuance of the appointment as a permanency, representing that the grounds on which this was urged in 1871 still exist. We are satisfied of the necessity for the appointment, and request your Lordship's sanction to its continuance, as a permanent measure, on the conditions on which a like appointment was sanctioned in Bengal for our Government and the Government of that province in Lord Kimberley's Public Works despatch No. 12, dated 16th April 1885, viz. :—

"That the appointment should be open to an officer of any rank in the department below that of Chief Engineer, and that should the officer rise during his service to the rank of Superintending Engineer, he should be treated as a supernumerary on the * * * list of Superintending Engineers, and receive promotion *pari passu* with his contemporaries."

Despatch from the Secretary of State for India, to His Excellency the Right Honorable the Governor-General of India in Council, dated India Office, London, 31st March 1886, No. 93, Financial.

I have considered in Council your letter, dated the 16th of February, No. 57, stating that so long as the officer selected to fill the post of Consulting Architect to the Government of Madras is an Executive Engineer, there will be no increase of cost; but that when he is in due course promoted to the Superintending Engineer class, the number in that class will be increased by one, and the number of Executive and Assistant Engineers, taken together, will be reduced by one, which will result in some increase of expense.

15TH OCTOBER 1890, No. 2725 W., PUBLIC WORKS.

2. Under the explanation now furnished, I sanction the continuance of the appointment of Consulting Architect to the Government of Madras, as a permanent measure, on the conditions proposed in your letter of the 27th of October 1885, No. 303.

ORDER—dated 15th October 1890, No. 2725 W., Public Works.

Communicated to the Examiner, Public Works Accounts, with reference to G.O., No. 2264 W., dated 21st August 1890.
