15TH OCTOBER 1890, No. 2726 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper :—

From J. W. MARTIN, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 18th September 1890, No. 269 V.Z.

With reference to G.O., No. 2017 W., dated the 23rd July 1890, I have the honor to submit herewith for sanction a proposition statement for the office and petty establishment required for the Yellamanchili sub-division.

2. As regards the executive establishment, I beg to state that the Yellamanchili sub-division is an important one containing almost all the irrigation works in the division, and, consequently, an Assistant Engineer for the charge of it and two upper subordinates to be employed under him are required in addition to the existing staff as sanctioned in G.O., No. 1234 W., dated the 28th April 1890, for the Vizagapatam division. Should the additional establishment now asked for be sanctioned there will be no necessity for employing a separate upper subordinate for the investigation of the Palkonda estate works.

3. The existing establishment, composed of one Executive Engineer, one Assistant Engineer, and six upper subordinates, is not strong enough for the division which now consists of four sub-divisions, of which one, viz., Koraput, is very unhealthy. In consequence of sickness, and to being obliged to give leave on medical certificate, it is necessary to make comparatively frequent changes in the establishment employed in the Koraput sub-division, but it is very difficult to do this with the present establishment without interfering with the requirements of the other parts of the Vizagapatam division.

4. Should the proposal now made meet with your approval and be sanctioned by Government, the sanctioned establishment for the circle, excluding Executive Engineers in charge of divisions, will be eight Assistant Engineers and forty-four subordinates against the existing scale of seven Assistant Engineers and forty-two upper subordinates.

ORDER—dated 15th October 1890, No. 2726 W., Public Works.

The authorised scale of office establishment for a sub-division being one clerk, IV class, 3rd grade, on Rs. 20—30, and one messenger on Rs. 6, this establishment is sanctioned for employment in the Yellamanchili sub-division.

2. With reference to the Engineer and Upper Subordinate establishment applied for, the Superintending Engineer, I Circle, is informed that an Assistant Engineer will be appointed for charge of the sub-division when one is available, but the scale

of upper subordinates cannot be increased, as forty-two is the maximum number available for the I Circle.

3. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 58 W. of 1890-91, and classified as Establishment, Permanent.

1 Propositions
statement SIR,

With reference to G. O. No. 2017 W dated
the 23rd July 190, I have the honor to submit
herewith for sanction a proposition statement
for the office and petty establishment re-
quired for the Yellamanchili Sub-^{Div.}

2 As regards the executive establish-
ment, I beg to state that the Yellamanchili
Sub-Division is an important one containing
almost all the Irrigation Works in the Division
and, consequently, an Assistant Engineer for
the charge of it and two Upper Subordinates
to be employed under him, are required in
addition to the existing staff as sanctioned

n G. O. No. 1234 W dated the 28th April/90
for the Vizagapatam Division. Should
the additional establishment now asked
for be sanctioned there will be no necessity
for employing a separate upper subordinate
for the investigation of the Palkonda Estate
works.

3. The existing establishment comprised
of one Executive Engineer, one Assistant Engineer,
and six upper subordinates is not strong enough
for the division which now consists of four
sub-divisions, of which one, namely, Koraput
is very unhealthy. In consequence of sickness,
and to being obliged to give leave on medical
certificate, it is necessary to make compa-
-ratively frequent changes in the establish-
-ment employed in the Koraput sub-division,
but it is very difficult to do this with the
present establishment without interfering with
the requirements of the other parts of the
Vizagapatam Division.

4. Should the proposal now made
mesh with your approval and be sanctioned
by Government, the sanctioned establishment
for the circle, excluding Executive Engineers
in

in charge of Divisions, will be eight
Assistant Engineers and forty four Sub-
ordinates against the existing scale of
7 Assistant Engineers and 42 upper Subor-
ordinates.
