APPENDIX.

G.O., dated 21st June 1892, No. 1069 M., Local and Municipal.

Read—the following papers:—

From J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E., Sanitary Engineer to Government, to the Chief Secretary to Government, dated Fort St. George, 26th May 1892, No. 955.

I have the honour to forward the accompanying correspondence relative to the erection of a shed for the accommodation of "Privation and syphilitic patients" at Cocanada.

2. It will be observed that the work was begun before the plan had been received by the Sanitary Board, the reason given being the urgency of the case. When the plan was received it could not be approved, and it will be seen that although the work was stopped by telegram, it had already been raised some $3\frac{1}{2}$ feet above foundation level. A further telegram was sent on 10th May 1892 asking what was the special urgency, and although ten days have now elapsed since the despatch of that telegram there has been no reply, and it can only be concluded that there is no real urgency in the matter and that money has been needlessly thrown away.

3. It is a question whether the plans should not have been sent to the Superintending Engineer, the work being a building and to cost over Rs. 1,000, but there has always been some doubt on this point, as it would seem that hospitals, dispensaries and buildings of that class are sanitary works; plans of such works ought certainly to have the approval of the Sanitary Commissioner, if not of the Surgeon-General. These points might be considered in connection with the above matter.

4. This is the second occasion on which the Municipality of Cocanada has lost money by action of this description, the former occasion having been in regard to the erection of a slaughter-house. I feel myself, therefore, bound to report the matter. Cocanada is, however, not the only transgressor, and it is not unseldom that plans are forwarded for approval by Councils and Boards with the remark that anticipating the approval of the Board the work has been either begun or carried out.

5. I would suggest that the attention of Boards and Councils be called to the necessity for a strict adherence to the rules published in G.O., dated 16th January 1891, No. 79 L., Local and Municipal.

ENCLOSURES.

From M.R.By. A. SURIANARAYANA NAIDU GARU, Row Bahadur, Officiating Chairman, Municipal Council, Cocanada, to the Sanitary Engineer to Government, Madras, dated Cocanada, 23rd April 1892, No. 93.

The Civil Surgeon attached to the Municipal dispensary, Cocanada, having in his letter, No. 74, dated 23rd March 1892, urged upon the Council the necessity of erecting a shed in the hospital compound for the privation and syphilitic patients, the Council, at its meeting held on the 22nd instant, sanctioned a sum of Rs. 1,315 as per estimate furnished by the Municipal maistry subject to the approval of the Sanitary Board. Pending your approval of the plan, the foundations of the shed have already been laid out owing to the urgency of the case. I have therefore the honour to forward herewith the plan and estimate for your approval and return. A copy of the Council's resolution is enclosed.

Telegram from the Sanitary Engineer to Government, Madras, to the Chairman, Municipal Council, Cocanada, dated Fort St. George, 5th May 1892.

Your No. 93. Plan not approved. Don't commence foundations. If commenced, state to height built.

Telegram from the Officiating Chairman, Municipal Council, Cocanada, to the Sanitary Engineer to Government, Madras, dated 7th May 1892.

Your telegram 5th. Work already stopped. Foundations built 2 feet and basement 1½ feet.

Telegram from the Sanitary Engineer to Government, Madras, to the Officiating Chairman, Municipal Council, Cocanada, dated Fort St. George, 10th May 1892.

State special urgency for building and number of patients of each class to be provided for.

Order—dated 21st June 1892, No. 1069 M., Local and Municipal.

The Municipal Council of Cocanada will be requested to explain, as soon as possible, the circumstances under which the work referred to was commenced before the plan and estimate were approved by competent authority.

2. The attention of all Local Boards and Municipal Councils will be drawn to the rules issued in G.O., dated 16th January 1891, No. 79 L., which should be strictly adhered to in future.

3. With reference to paragraph 3 of the Sanitary Engineer's letter read above, the Government considers that hospital buildings should be taken to be "works of a sanitary nature" and that he should take the opinion of the Sanitary Commissioner and the Surgeon-General on the plans of all such buildings before he approves of them.

Civil Works.

READ—the following paper:—

G.O., dated 23rd September 1892, Mis. No. 1560 M., Local and Municipal.

Read—again G.O., dated 9th August 1892, No. 1314 M., Local and Municipal.

Read—also the following papers:—

From the Chairman, Municipal Council, Anantapur, dated 19th August 1892, No. 302.

ABSTRACT.—Reporting, with reference to G.O., Mis. No. 1314 M., dated 9th August 1892, that the amount of the estimate (Rs. 8,940), as shown in the statement received therewith, is correct.

From the Chairman, Municipal Council, Calicut, dated 25th August 1892, No. 1610.

ABSTRACT.—Stating that the plan and estimate for constructing an office building for the District Surgeon was duly checked by the Superintending Engineer at the request of the Council.

Order—dated 23rd September 1892, Mis. No. 1560 M., Local and Municipal.

The Accountant-General will recover from the Municipal Councils of Anantapur and Calicut the sums of Rs. 223-8-0 and Rs. 62-8-0 respectively and place the amounts to the credit of the Public Works Department.

2. Superintending Engineers will be requested in the Public Works Department to decline to scrutinize estimates for hospital buildings in future, as under G.O., dated 21st June 1892, No. 1069 M., such estimates should be approved by the Sanitary Engineer.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

ORDER—dated 6th October 1892, No. 2781 W., Public Works.

Para. 1 will be communicated to the Superintending Engineers, III and IV Circles, and to the Examiner, Public Works Accounts.

2. Para. 2, with G.O., dated 21st June 1892, No. 1069 M., Local and Municipal, will be communicated to all Superintending Engineers for information and guidance.
