9TH OCTOBER 1890, No. 6110, MIS., REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following G.O., dated 11th September 1890, No. 2309 L., Mis. :—

Read—again G.O., dated 7th July 1888, No. 1266 L., Local and Municipal.

Order—dated 11th September 1890, No. 2309 L., Mis.

In paragraphs 2 and 3 of Board's Standing Order No. 11 (revised edition), mention is made of a prescribed form in which a statement of the position, area, &c., of land to be taken up for a public purpose should be prepared, but no corresponding form is shown in the appendix to that order and it does not appear that any exists other than that prescribed in Local and Municipal G.O., dated 7th July 1888, No. 1266 L. The general adoption of that form will be considered in the Revenue Department.

2. It is observed further that the Board's order above referred to contemplates the inclusion in the statement of particulars as to the value of the land to be taken up, and it is desirable that when Government is asked to sanction the taking up of land, it should know the probable cost involved. The form prescribed in G.O., dated 7th July 1888, No. 1266 L., does not provide for this information being given, and the Government is, accordingly, pleased to direct that a fresh column at the end shall be opened in that form to show the "value of the land to be taken up." The estimate of value will be made in accordance with the instructions contained in Board's Order No. 11 (revised edition).

(True Extract.)

Resolution—dated 30th October 1889, No. 6587, Mis.

Submitted for the orders of Government.

2. For the reasons advanced by the Deputy Collector, the Board recommend that the Special Revenue Inspector on Rs. 45 and his peon on Rs. 6 be continued for another year or so long as their services are absolutely required. At the same time they beg to draw the attention of Government to the hindrances reported by the Deputy Collector to be caused to the Revenue Inspector's work by the apparently uncertain nature of the places of the Public Works Department.

3. The Deputy Collector says that the compensation work in his own office has increased considerably and that his ordinary establishment is unable to cope with it without prejudice to their other work. He therefore proposes to employ, from 1st November 1889, a clerk on Rs. 20. The Board support this proposal also and submit both for the sanction of Government. They have made necessary provision in the budget submitted with Board's Proceedings, dated 17th October 1889, No. 734.

(A true Copy and Extract.)

(Signed) M. HAMMICK,
Secretary.

To the Secretary to Government, Revenue Department,
with letter in original, to be returned.

Copy to the Collector of Madura.

Order—dated 13th December 1889, No. 990, Revenue.

Miscellaneous.

It appears from paragraph 6 of the Deputy Collector's letter that the compensation for the lands taken up is being settled by private negotiation; the Government is of opinion that in cases like the present where there is a large amount of work to be done the acquisition should be made under the provisions of Act X of 1870. The Board of Revenue are requested to issue instructions accordingly.

2. The services of the Special Revenue Inspector and peon will be retained for a further period of six months. The Collector is authorized to entertain temporarily an additional clerk on Rs. 20 per mensem in the Deputy Collector's office.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 25th February 1890, No. 1243, Mis. :—

Mr. H. W. Bliss.

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioners of Land Revenue, dated Madura, 27th January 1890, No. 38 :—

With reference to paragraph 1 of the Government Order communicated with Board's Proceedings, dated 9th January 1890, No. 14, I have the honor to report that the lands required for the Periyár Project have been hitherto acquired for reasonable prices by private negotiation by Mr. Tillanayagam Pillai, the Deputy Collector, Madura Division, after personal careful inspection of the localities, and in almost all cases without difficulty and without any complaint either on the part of the ryots or the Public Works Department officers. This course has been found to answer well; the lands are acquired without delay and friction. From my own observation in the recent tour I made all along the channel works in company with the Deputy Collector and the Engineer, I have found the work well done. If the provisions of Act X of 1870 are to be put into force, preliminary inquiries will have to be instituted, draft notifications, &c., prepared and submitted for the approval of the Government and for publication in the *Fort St. George Gazette*, &c., and considerable delay will thus, I submit, result before the land can be made over to the Public Works Department and that without any corresponding advantage. The provisions of the Act are, of course, applied where it is unavoidable.

2. I, therefore, request that the Board will be pleased to move the Government to reconsider its order and permit the acquisition of the lands by private negotiation as has hitherto been done as regards the Periyár Project works at least.

Resolution—dated 25th February 1890, No. 1243, Mis.

Submitted for the orders of Government.

2. In the circumstances reported, the Board decidedly supports the Collector's proposal in paragraph 2.

(A true Copy and Extract.)

(Signed) M. HAMMICK,
Secretary.

To the Secretary to Government, Revenue Department,
with letter, in original, to be returned.

Copy to the Collector of Madura.

ORDER—dated 10th April 1890, No. 273, Revenue.

Miscellaneous.

The Government does not think that sufficient grounds have been shown for reconsidering the decision contained in G.O., dated 13th December 1889, No. 990. There need be very little delay in carrying out the procedure prescribed by Act X of 1870 after the publication of the Government notification declaring that the land is required for a public purpose. The Collector is usually authorized in the notification to take action under section 7, and if the Deputy Collector who prepared the statement of lands to be taken up has made proper inquiries at the time and come to an understanding with the owners as to the prices to be paid for their lands the award of the Collector under section 14 may follow immediately on the expiry of the time allowed in the notice published under section 9. Acquisition under the Act confers on Government an indefeasible title in the lands taken up and this consideration far outweighs any delay that might be incidental to the publication of notifications under section 6.
