CHIEF SECRETARIAT. MADRAS.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper :—

From the Surgeon General with Government.
Dated 12th September 1890, No. 701.

With reference to para 4 of Govt. O. No. 922 Pub. dt. 14th Nov. 1889, I have the honor to submit the following proposals for providing better accommodation for casualty patients in the Paupidary Hospitals.

I — Accommodation — I propose that 2 wards each capable of containing 8 patients & divided by partitions into 2 compartments, a small cook room and latrines should be constructed at the General Hospital, Ophthalmic Hospital and at the Lying in Hospital, Madras, to be reserved exclusively for Brahmins & other high caste patients. Temporary accommodation is all that would be required at the Women & Children Hospital, as sooner or later this institution may be transferred to the Military portion of the General Hospital. Until some such permanent change is made I would only advise the construction of temporary accommodation for 6 patients to be subdivided by 2 partitions

It

It will be sufficient to provide for 6 patients as the existence of the caste and Gosha Hospital in Madras renders the provision of accommodation on a larger scale in the Women & Children Hospital unnecessary.—

II. Staff— I am of opinion that it will be necessary to entertain a Brahmin Cook on Rs. 10, a waterman and 2 attendants at Rs. 7 each for service at the General Hospital, Ophthalmic Hospital and the Lying-in Hospital to maintain with the caste warders in the Women & Children Hospital no attendant will however be sufficient.

3. As regards the Lunatic Asylum no such special accommodation appears to be necessary. Brahmins or other high caste patients rarely seek admission to these institutions and present arrangements suffice.

Order— 16 October 1890, No. 686

The Public Works Department will be requested to furnish with the least possible delay plans and estimates for the permanent wards required at the General Ophthalmic and Lying-in Hospitals, and for the temporary accommodation suggested for the Women & Children's Hospital.

2.— Proportion statements to for the increased Establishments

2787

establishments recommended should be submitted by the Surgeon General when the special wards have been put in hand.—

3.— The Surgeon General has offered no explanation of the great delay there has been in complying with para 4 of G.O. No. 923 J. 14th November 1889.—
