W. Camus
Acting Col. of Engineering

If the Engineering College
is willing to keep Mr
Camus after his promotion,
there seems no reason
why ~~they~~^{it} should not
do so.

Perhaps the D.P.I.
might be asked the
question.

It is needless
to mention the hardship
which will be caused
to members of the Dept.
if Mr Camus be
allowed to present to
the P.W.D. He is now
home as a supernumerary
on the P.W.D. list of
Warrant Officers, &
regular promotion in
regular turn. If
absorbed in the list,
he will block the way
to Dy. Asst. Commr.

The P. W. D. does not
require the services of
Mr. Connes, & I think
it will be sufficient
to say that his
personal & depart-
mental duties will
not be impaired, as a
condition of promotion

Sir,

In G. O. No. 1992 W. dated 3rd August 1886

(a copy enclosed) it is ruled that the Public
Works Department has the right, should they wish
to exercise it, of requiring my reversion to
departmental duty as a condition of promotion to
the grade of Deputy Assistant Commissary.

2. As, owing to retirements, I shall in two or three
years be eligible for this promotion I beg to state
that I am willing to rejoin the Public Works
Department, and to request that you will kindly
take the necessary steps for my re-employment
therein in time to prevent any risk of my being
superseceded.

I beg to remain

to Government, Educational Department,
dated Fort Saint George ~~dated~~ 3rd March
1880, No 459.

From Lieutenant H. D. Love, R.E. Principal Civil
Engineering College, to the Chief Engineer,
Public Works Department, (through the Director
of Public Instruction) dated Calcutta, 23rd February
1880, No 408. C.

I learn that it is probable that two sub-con-
ductors of the Public Works Department, Messrs
McBlessen and Barnes, who are attached to the
Educational Department, may shortly be
recommended for a step of Departmental
rank; and I am informed that in a case of
the kind which occurred some years ago, the
recipient of promotion was required to revert to
the Public Works Department.

1866,) are favorable to service on the Educational staff of a Civil Engineering College counting towards promotion to warrant rank; and these views have hitherto been carried into effect by the promotion of the officers in question to the rank of Sub-conductor in 1876.

3. Messrs. Withers and Barnes joined the Civil Engineering College in 1870, and have ^{since} served in it uninterruptedly. They are now experienced instructors, and occupy the posts of 2nd and 3rd Masters respectively. As their removal from the College would, I have no hesitation in saying, involve deterioration in an institution which has already been recently deprived of its chief, I trust that you will see no objection to these officers remaining attached to the Educational Department on attaining the rank of Conductors.

4. Their pay as heretofore will be defrayed solely by the latter Department.

N° 59. Order thereon 3rd August 1880. N° 1972 W.

The Warrant Officers employed in the Civil Engineering College will be regarded as "Seconded". They will be eligible to promotion in the ordinary course up to the rank of Conductor, but the Public Works Department will have the option of requiring their reversion to departmental duty as a condition of promotion to the Deputy Assistant Commissioner grade. If not so claimed, they may remain on the Civil Engineering College establishment as "Seconded", being eligible as such for further warrant advancement.

the grade of Deputy Assistant Commissary
in the ordinary course.

2. As Mr. Cames does not expect that
his promotion can take place for two or
three years to come, no further action appears
to be necessary at present than to report to
