PROCEEDINGS OF THE MADRAS GOVERNMENT

Read again G. O. No. 812, dated 22nd November 1888 and also G. O. No. 3058 dated 17th May 1890, regarding Sri Savalai Ramasami Mudaliyar Choultry.

Order thereon, 18th October 1890, No. 6338

In its order dated 22nd November 1888, No. 812, the Government resolved to assign to Sri Savalai Ramasami Mudaliyar a piece of land near the Central Station of the Madras Railway for the construction of a choultry on certain conditions, one of which was that the plans of the building should be approved by Government, and in its order of 17th May 1890, No. 3058, the Government approved the plan then submitted. It has recently come to the notice of Government, however, that the plan so approved has been widely departed from, the whole area of the land having been enclosed by a wall, a row of shops having been built in a line with the facade of the building and the plan of the choultry having been entirely altered by the addition of a block of Cook rooms on the western side of which the foundations have been laid.

This

2804
2

This valuable site was
and free of cost in consideration of the
title of the proposed institution and of the
public spirit which prompted Sir Sawalai
Ramesh Bhandarkar to erect it at consi-
derable cost for the public benefit, and His
Excellency the Governor in Council must
insist on a due observance of the stipulation
that the building shall be constructed in
conformance with the design which he has
approved. The shops must therefore be
removed as well as the wall running
along the northern and western sides. It will
be a matter for future consideration whether
the site shall be permitted to be enclosed
on these two sides by an ornamental wall.
His Excellency the Governor in Council will
not insist on the removal of the new
rooms but no further modification
of the sanctioned plan should be carried
out under any circumstances without
his previous consent.
