GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Military Works.
Account.

READ—the following paper :—

From Colonel E. H. EYRE, Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 19th September 1890, No. 497 M.W.

With advertence to Proceedings of Government, No 5782 of 21st October 1885. in which Government recorded its opinion that no action should be taken at that time towards expending public funds on demolishing the outworks of Fort Saint George, unless the public safety was endangered by their retention, I am desired to bring to the notice of Government that the work in question has again been brought forward by the General Officer Commanding Madras District in his schedule of requirements for inclusion in the Imperial Military Works budget estimate of the ensuing financial year, and that officer strongly recommends the demolition of the Wallajah ravelin and two lunettes, as forming a part of the proposal to demolish all the outworks of Fort Saint George, on the grounds that their removal or even of a well selected few of these outworks would greatly improve the sanitation and ventilation of the Fort by securing a freer passage of air.

2. I am to ask therefore if Government is still averse to this work, which is estimated to cost about Rs. 7,000, being carried out. It is understood that a large portion of this amount would be recovered by the sale of bricks, stones and other material, and in addition valuable ground would become available for any other purpose.

No. 6049, Military.

Transferred to the Public Works Department for consideration and disposal with reference to O.G., No. 2340 W., dated 8th October 1885.

OOTACAMUND, 26th September 1890. (Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

ORDER—dated 23rd October 1890, No. 2810 W., Public Works.

The Government has no objection to the demolition of the outworks referred to. The question as to the provision of funds is one for consideration in the Military Department.

SIR,

With reference to P.G. No. 5782 of
21st October 1885, in which Government
recorded its opinion that no action should
be taken at that time towards expending
public funds on demolishing the out-
works of Fort Saint George, unless
the public safety was endangered
by their retention, I am desired to
bring to the notice of Government
that the work in question has again
been brought forward by the
General Officer Commanding
Madras District in his schedule
of requirements for inclusion in
the Imperial Military Works Bud-
get Estimate of the ensuing financial
year

year, and that officer strongly recom-
mends the demolition of the Wallajah
Ravelin and two Lunettes, as forming
a part of the proposal to demolish
all the outworks of Fort Saint George,
on the grounds that their removal
or even of a well selected few of these
outworks would greatly improve the
sanitation and ventilation of the
Fort, by securing a free passage
of air.

2. I am to ask therefore if
Government is still averse to this
work which is estimated to cost
about Rs. 7000, being carried out.
It is understood that a large
portion of this amount would be
recovered by the sale of bricks,
stones and other material,

The question of provision
 of funds for the demolition
 of the outworks of Fort
 St George is now under
 consideration in the Enly
 Works Dept.

The proposal in
 the Enly Dept's letter has
 been transferred to the P.W.
