Note with reference to the Hon.

Members' remarks on a draft G.O.
on current No. 9268.

G. O. No. 2911 W d/16 October/89

quoted by the H. M. refers to a
different suit. The paper has
been put up with this file merely
as a precedent. The defence of
the present suit was sanctioned
in G. O. 1399 W d/17th May 1890.

The responsibility for the loss
of the suit appears to rest with
Mr. Somers Lane; the under-
signed inspected the site of the
work in company with Mr. Targat
in 1889, and found no trace of
rock in the soil which had
been removed from the excava-
tion, and has never been

able to understand how
Mr Somers Eve certified that
rock had been removed;
but there is no suspicion that
he acted otherwise than in
good faith when he made out
the bill on which the Contractor
based his claims.

Mr Somers Eve has now
left the division, and the
undersigned considers that
the case may be treated as an
error of judgment on the part of
the Asst Engineer, and that the
matter may with advantage
be allowed to end as suggested
in the draft L. O.
