C. No. 7503

Note

In his No. 1557,  
dated 29<sup>th</sup> Augt  
1890 the Subg Engr  
III C. No. 7503  
has enclosed a  
proposition statement  
for watermen  
request to look  
after the Humphreys  
in the Bellary  
District. The Engr  
was as he directed  
No. 3675 dated 9<sup>th</sup>  
September 1890 for  
his remarks as to  
whether the pay  
of the men could  
not be charged  
to Civil Buildings  
Repairs, as decided  
in G.O. No. 572 W. dated  
6<sup>th</sup> March 1882.  
In reply the Engr  
dated (vide his Office  
No. 5653, dated  
22<sup>nd</sup> September 1890)  
that under the spirit  
of

2029 31.5  
of the ruling Can-  
stained in G. O.  
No 1233 W. dated  
28th April 1870.  
The charges have  
in two open warps  
debited to Established  
with the  
Sanction of G.O.  
The pay of these  
men, under the order  
contained in G.O.  
No 572 W. dated  
6th March 1882,  
has for several  
years past been  
charged to Civil  
Buildings Repair,  
and it has been  
clearly decided  
in clause 114 of  
G.O. No 900 (Final)  
of 15th December 1880  
(G.O. No 390 W. of 13th  
December 1883) that  
the cost of the  
establishment for  
watching the Hampi  
ruins

2830  
2  
ruins should be  
met from  
the provision made  
under Provincial  
Public Works for  
the conservation  
of ancient monuments  
which is classified  
under Civil Buildings  
Repairs. The cost  
of <sup>that</sup> establishment  
employed for the  
preservation of  
archaeological  
building can with  
propriety be debited  
to the grant for the  
maintenance of the  
building, and the  
Examiner gives no  
reasons for treating  
archaeological  
works in the same  
manner as school-  
houses but simply  
states that under  
the

of the spirit of the  
ruling in 1233 W. 2nd 28th  
April 1890. the  
charge is debited  
to Establishment.

The spirit of a  
ruling can be to be  
interpreted by the  
office which made  
the ruling, and the  
conclusion if the  
Government that the  
case faces under  
1233 W. 2nd  
28th April 1890  
is not to be accepted.

The object is issuing  
these orders, which  
is passed, that  
special water house  
for the house will  
have to be necessary,  
and charges of times  
such a nature, and  
therefore come  
under scrutiny &  
be sanctioned by  
Govt

Government  
This is intended  
to Govt whether a  
change is debited  
to works or  
"Exhaust", but as  
it is improper to  
raise the cost of  
Establishment for  
the mere purpose  
of its being brought  
under the scrutiny  
of Government, &  
the cost of the  
Establishment of  
this Presidency has  
often been considered  
excessive by the  
Govt. As to be  
excessive, it is  
submitted that it  
is irregular to  
broaden the cost of  
Establishment charges  
of the nature as  
the one under  
reference. In the  
present case the  
cost of Establish-  
ment is

is to fly, but  
 if the Examiner  
 now is accepted  
 he will continue  
 to serve the same  
 type as in similar  
 cases, & the cost  
 of the cost of the  
 Presidency will  
 then be ~~inferred~~  
 there is there fore  
 proposed to over-  
 ride the Examiner  
 opinion, & to decide  
 that the cost of  
 the watchmen  
 should be continued  
 to be debited to the  
 plant for the  
 provision of  
 analysis to be  
 worth as decided  
 in G.O. No 3909 W.  
 dated 13<sup>th</sup> Decr  
 1883.

The Honorable  
 member in passing  
 his remarks on  
 which

2830

a sick of Dec<sup>r</sup> 1233 W  
 was based upon  
 thought that village  
 officials would be  
 glad to undertake  
 the care of her-  
 houses on payment  
 of a small pen-  
 sion, but as it  
 now appears from  
 several applications  
 received from Suby  
 Engrs that such  
 an arrangement  
 is not feasible &  
 as the cost of watch-  
 ing her houses  
 will necessarily  
 increase the charge  
 of Estab<sup>t</sup> up the  
 Presidency, it is  
 submitted for con-  
 sideration whether  
 Dec<sup>r</sup> 1233 W.  
 dated 20<sup>th</sup> April  
 89 may not be  
 cancelled.

An order might  
 perhaps be drafted  
 to the effect that the  
 post considers that the  
 watchmen at the  
 Bazaar riding house  
 continue to be charged  
 to the post for repairs.  
 There seems no neces-  
 sity to write the station  
 officially so.

The Sub Engineer  
 Circle in his letter  
 accompanying request  
 for the employment of 2 temporary  
 watchmen from  
 March 1890 to July  
 1891, for guarding  
 the Bazaar riding  
 house at Bellary. The  
 Sub Engineer states  
 that the Examiners  
 require the pay of  
 the men to be charged  
 to the Establishment  
 under the spirit of  
 the ruling contained  
 in G.O. No. 1233, dated  
 8th April 1890,  
 and apparently  
 the present application  
 is the result of  
 the objection raised  
 by the Examiners.  
 It will be seen from  
 G.O. No. 542 W. dated  
 6th March 1882, that  
 the permanent  
 employment of  
 three watchmen to

to guard the ruin  
has already  
sanctioned, & the  
pay of the men  
ordered to be  
charged to Civ  
Buildings, Repa  
The Subg Engr  
does not state when  
the men were appl  
for an <sup>required</sup> addition  
those caused in  
order quoted above  
was it known when  
those men  
are still employed  
as it will be seen  
from the statement  
that the column  
present to scale  
is left blank.  
It is therefore  
proposed to ask  
the Subg Engineer  
for an elucidation  
of these points.

G.D.S.  
2579

The question as to whether  
the pay of the men should  
be debited to Establishment  
can be settled only after  
this information is received  
from the Subg Engr  
G.D.S.

With reference to your endorsement  
No 1152 of 18th July 1890 requesting my  
opinion as to whether the watchers  
at Hampi Ruins are to be included  
under Establishment or charged  
to works, I have the honor to state  
that under the spirit of the ruling  
contained in G.O. No 1233 W dated  
28th April 1890, the pay of the watchmen  
if their entertainment is considered  
necessary, should be charged to  
Establishment with the sanction  
of Government.

For favor of remarks as  
regards the incidence of the  
charge.

2. As the watchmen ap-  
plied for are required to  
look after buildings of  
historical interest & not  
rest houses as contemplated  
in G.O. No. 1233 W dt 28<sup>th</sup>  
April/90, it is considered that  
the pay of the men should be  
debited to Civil Buildings Repairs,  
as decided in G.O. No. 572 W

Under the spirit of the ruling con-

bited to "Establishment" with the sanc-
