27TH OCTOBER 1890, No. 2835 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper :—

From G. H. D. WALKER, Esq., Under-Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 7th October 1890, No. 2767 G.

With reference to your letter No. 1180 W., dated the 21st April 1890, in which you propose a reduction of six in your Upper Subordinate scale in consequence of the transfer of certain military works to the Military Department and your telegram of the 26th ultimo explaining that the reduction of subordinates on account of divisions transferred is only six and that the seventh man transferred is an individual transfer outside the requirements consequent on the transfers, I am directed to state that your original sanction of 185 subordinates allowed eight for the Nilgiri and Presidency and Bangalore divisions; the Military Works Department have, however, claimed for—

and it is considered that the Madras scale should be reduced by this number.

2. It is noted from your casualty return of upper subordinates for 30th June 1890 that the following seven subordinates have been transferred to the Military Works Department, viz. :—

Conductor J. Kelly.	Sergeant R. T. Healy.
Sub-Conductor J. E. Patton.	Do. T. Turner.
Do. A. Temple.	Do. W. Emery.
Sergeant D. Mackintosh.	

But it is understood that these transfers were only temporary pending final settlement of the question. I am now to request that you will name those who should be permanently transferred and that the names may, in the first place, be referred to the Military Works Superintending Engineer for the opinion of His Excellency the Commander-in-Chief. I am also to state that it is considered necessary that all military men transferred to the Military Works Department shall remain on their present warrant list till such time as they are removed by casualty when the question of revising the Madras Warrant scale will be considered.

ORDER—dated 27th October 1890, No. 2835 W., Public Works.

The Government of India will be further addressed on the subject of para. 1 of its letter.

2. With reference to para. 2, it is observed that the transfer to the Military Works Department of the seven upper subordinates named was regarded by this Government as final, but in deference to the wishes of the Government of India His Excellency the Commander-in-Chief will be requested in the Military Department to submit the expression of opinion asked for.

3. It has already been ordered * that the names of the men transferred shall remain on the warrant list of the Madras Public Works Department for purposes of military promotion.

LETTER—from

COLONEL J. PENNYCUICK, R.E.,
*Secretary to the Government of Madras,
Public Works Department,*

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

With reference to para. 1 of your letter No. 2767 G., dated 7th October 1890, stating that the Military Works Department claims seven upper subordinates from the Madras Public Works Department, and that the Madras scale should be reduced by that number, I am directed to state that the reduction of the Madras list by six was proposed, not with reference to the requirements of the Military Works Department but with regard to the Civil Works which remained under the charge of this department.

2. The statement No. III forwarded with this office letter No. 1584 W., dated 31st May 1888, allowed six upper subordinates for the Bellary division, but for sometime previous to the transfer of military works only five were employed in the division. This staff was found inadequate for the proper supervision of works in the district, and notwithstanding the transfer of military works the number had again

					RS.	
1888-89	...	...	...	...	1,68,682	to be increased to six. The total expenditure in the division inclusive of military
1889-90	...	...	...	...	1,83,128	works in the two years 1888-89 and 1889-90 is shown in the margin, while

the grants for 1890-91 exclusive of military works amount to Rs. 1,79,203. The grants under 45. Civil Works have increased from Rs. 37,696 in 1888-89 to Rs. 80,923 in 1890-91, and those under 43. Minor Works and Navigation from Rs. 33,000 in 1888-89 to Rs. 72,680 in 1890-91. The transfer of military works which were concentrated at Bellary has therefore given no relief to the divisional staff, the additional Civil and Irrigation works in course of construction being scattered over the district.

3. In letter from the Government of India, Military Department, No. 851 M.W., dated 8th April 1890, the services of three upper subordinates, viz., Lieutenant Milne and Sub-Conductors McAlister and Temple, were asked for in addition to the six men previously transferred. This Government considered it undesirable to denude the Public Works Department of its best military upper subordinates and therefore declined to transfer the two first named men, but Sub-Conductor Temple's services were placed at the disposal of the Military Works Department with a view to partially assisting that department. This transfer was regarded as an individual one not affecting the strength of the Madras list, for it cannot be supposed that if this Government had seen fit to give up all the three men asked for, a total reduction of nine in the Madras scale would have been claimed.

4. I am now to forward, for the information of the Government of India, a statement showing the present distribution of a staff of 179 permanent upper subordinates among the executive divisions of the Presidency, and to state that it was drawn up after careful consideration, and represents the minimum requirements of each division. It will be seen that the allowance for absentees has been put down at the totally insufficient figure of two which is always exceeded.

5. In the circumstances now represented, I am to express a hope that the Government of India will no longer withhold its sanction to the proposed permanent scale of 179.

6. In conclusion, I am directed to forward a copy of the Proceedings of this Government, No. 2835 W., dated 27th October 1890, showing the action taken with reference to para. 2 of your letter under reply.

I have the honor to be,
Sir,

Your most obedient servant,

 PUBLIC WORKS DEPARTMENT

In this letter, the
 G. & S. says that the
 Muz. Works Dept. claim
 7 upper subordinates
 from the Madras estate,
 & that therefore the
 latter estate should
 be reduced by that
 number, or from 185
 to 178.

The reduction
 of the Madras list by
 6 was proposed, not
 with reference to the
 requirements of the Muz.
 Works Dept., but with
 reference to the works
 which remained with
 the Madras P.W.D.

In the letter from
 the G. & S. attached to
 1226 W of 24.6.90

Three ~~add~~ upper salu-
dinates were asked for
in addition to the six
previously given - only
one (Sgt. Temple) was
given, as it was con-
sidered that the other
two men were too good
to lose, but if all
three had been trans-
ferred, it is not to be
supposed that the mil.
works Dept. would have
claimed a total reduc-
tion of nine in the
Madras list - Sgt.
Temple was transferred
on the understanding
that his place would
be filled on the Madras
list - vide G.O. No.
1945W of 17.7.20.

Apparently the
point has now
further contested with
the G. I. S., and a

detailed list sent forward
to that Govt. showing
the requirements of
the several divisions of
the Madras P.W.D.

283516/50
The names of the
men transferred have
long ago been reported
to the mil. Dept - vide
G.O. No. 135W of 27.1.20,
& the opinion of C.E.S.
The Commr in Chief
might now be asked
for as to whether the
transfer should be
made final.

It has already
been ordered that the
transferred men
shall remain on
the Madras military
list for purposes
of warrant promotion
for orders.

Let

With reference to
para 1 of your letter No.
2767 of 7 Octr 1890, stating
that the military works
depto. claims seven
upper subordinates from
the Madras P. W. D., and
that the Madras scale
should be reduced by
that number, I am
directed to state that
the reduction of the
Madras list by six
was proposed, not
with reference to the
requirements of the
military works depto.
but with regard to the
civil works which re-
mained under the
charge of this depto.

The statement No. ⁷ forwarded with this office letter No. 1584, dated 31st May 1888, allowed six upper subordinates for the Bellary Division, but for some time previous to the transfer of civil works only five were employed in the division. This staff was found inadequate for the proper supervision of works in the district, and notwithstanding the transfer of military works, the number had again to be increased to six. military works amount to Rs. 1,79,203. The grants under 45 Civil Works have increased from Rs. 37,696 in 1888-89 to Rs. 80,923 in 1890-91 and those under 43 minor works and navigation from Rs. 33,000 in 1888-89 to Rs. 79,680 in 1890-91. The transfer of military works which were concentrated at Bellary, ^{has} therefore given no relief to the divisional staff, the additional civil and irrigation works in course of construction being scattered over the district.

3. In letter from the Govt. of India No. 857 M.W. of 8th April 1890, the services of three upper subordinates viz. Lt. Milne and Sub-Commissioner Mr. Allister and Temple, were asked for

for in addition to the
six men previously
transferred. This Govt.
considered it un-
desirable to denude
the P.W. Depto. of its best
mily. upper subordinates
and therefore declined
to transfer the two first
named men, but Sub
Comdr. Temple's services
were placed at the dis-
posal of the Mily. Works
Depto. with a view to par-
tially assisting that
Depto. This transfer was
regarded as an in-
dividual one, not
affecting the strength
of the Madras list, for
it cannot be supposed
that if this Govt. had
seen fit to give up all
the three men asked
for, a total reduction
of nine in the Madras
scale would have been
