22ND AUGUST 1889, No. 2306 W., PUBLIC WORKS.

READ—the following papers :—

From Colonel H. M. VIBART, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 13th July 1889, No. 312-E.W.

With reference to para. 2 of G.O., No. 1492 W., of 6th June 1889, I have the honor to forward herewith a proposition statement in form No. M. 184, embodying proposals for the formation of a new sub-division in the Nilgiri division for the efficient execution of the improvements to the road between Vayitri and Gúdalur.

2. I propose that the sub-division should be called Wynaad sub-division, and that it should comprise Vayitri-Gúdalur road and that portion of the Calicut-Vayitri road to the foot of the Támracheri ghât and all other works in Wynaad.

3. Mr. P. R. Allen, Assistant Engineer, at present stationed at Vayitri, should be placed in charge of the sub-division, because of his great experience in roadwork, and should have his head-quarters at Vayitri.

4. There are Government buildings at Vayitri available for the residence of the sub-divisional officer and his office. The office establishment can also find suitable accommodation at moderate rates. Moreover it is head-quarters of other Government departments. The most important point for consideration is that there is a puoka hospital at this station.

5. The disadvantages of Vayitri as head-quarters are (1) it is not central, and (2) it is a two days' post from Ootacamund, whereas Cherambádi is only one. On the whole I consider the advantages of Vayitri outweigh its disadvantages, there being no other station on the line which could command so many conveniences.

6. The head-quarters of the overseers should be left to the discretion of the Executive Engineer and the sub-divisional officer.

7. The scale of pay proposed for the establishment is based upon that sanctioned for the late special Wynaad division and sub-division.

8. It will be necessary that the new sub-division should at least be maintained for two years from date of its formation.

9. I would propose that the cost of establishment should be met from the grant for temporary establishment.

10. The large amount, Rs. 28,041, provided in the estimate for petty supervision at 6 per cent. will be reserved for unforeseen charges. A greater portion of it may be transferred to the head Temporary establishment.

ENCLOSURE.

READ—the following paper :—

From Lieut.-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 29th September 1890, No. 1293 T.J.

In the list of sub-divisions which accompanied G.O., No. 2276 W. of the 22nd August 1890, "Grand Anicut" is shown as No. 1 sub-division of the Tanjore division. I have the honor to request your attention to G.O., No. 2051 W. of the 1st August 1887; from the Executive Engineer's letter and the Superintending Engineer's endorsement recorded therein, it will be seen that the original proposal was to amalgamate the above sub-division with the Head-quarter sub-division. This amalgamation was sanctioned in the Government Order, and the amalgamated sub-division has ever since been called the "Head-quarter sub-division." This designation appears more appropriate than that of the "Grand Anicut sub-division."

2. I request, therefore, that the necessary erratum may be issued. The Executive Engineer has been ordered to continue the present designation, viz., Head-quarter sub-division.

ORDER—dated 9th October 1890, No. 2649 W., Public Works.
