READ—the following papers :—

Proceedings of the Board of Revenue (Land Revenue), dated 30th July 1890, Mis. No. 4780.

MR. H. W. BLISS.

Read—the following letter from E. S. LAFFAN, Esq., Acting Collector of Bellary, to the Secretary to the Commissioners of Land Revenue, dated Bellary, 12th July 1890, No. 1364 :—

I have the honor to observe that in G.O., No. 1681 W., dated 7th June 1888, an estimate for the construction of a new Taluk Cutcherry at Kúdligi was sanctioned. The building is in progress, and will probably be ready for occupation by the end of October. It has been suggested that the old Taluk Cutcherry building should be made over to the Hospet Taluk Board and utilized for the accommodation of the Local Fund school and Union office as also for a public reading-room in case the townspeople should be disposed to maintain one.

2. The actual value of the building is estimated by the Executive Engineer at Rs. 3,596, but its probable selling value in the open market at a small and out-of-the-way town like Kúdligi is estimated by him at only Rs. 1,000, an estimate in which the Tahsildar of Kúdligi concurs. I have the honor to recommend that the building should be made over to the Taluk Board free of cost on condition that they maintain it in good repair. If, however, Government is not prepared to sanction this course, I would suggest that the building be sold to the Board for Rs. 1,000. In order to fit it for the purposes contemplated it would be advisable to remove the lean-to tiled verandahs which surrounds three sides of the interior court and the porch which encumbers the entrance. Permission to carry out these improvements might be accorded to by the Board in case the Government sees fit to make the building over free of expense.

Resolution—dated 30th July 1890, Mis. No. 4780.

Submitted for the orders of Government.

2. The Board recommends the sale of the building to the Taluk Board for Rs. 1000, which is stated to be as much as is likely to be realised by its sale by auction.

The actual value of the building is estimated by the Executive Engineer at Rs 3596, but its probable selling value in the open market as a small and out-of-the-way town like Kudligi is estimated by him

at only Rs 1000 an estimate in which the
Sahibdar of Kudliglu concurs. I have
the honor to recommend that the building
