GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From V. M. FERNANDEZ, Esq., Chairman, Municipal Council, Mangalore, to the Chief Secretary to Government (through the Collector of South Canara), dated Mangalore, 1st October 1890, No. 474.

Adverting to the order of Government, dated 4th June 1890, Mis. No. 867 M., communicating copy of the Proceedings of the Public Works Department, dated 23rd May 1890, No. 1451 W., passed in connection with my letter No. 681 of 6th December 1889, I have the honor to bring to the notice of Government that the Collector's Press has recently been shifted back to the Huzur Cutcherry and to request, therefore, that they may be pleased to finally decide the question of transfer of the vacant taluk cutcherry building to the Municipal Council for their school-house.

No. 3822.

Forwarded.

2. The taluk cutcherry building has now been completely vacated by the Collectorate Press establishment and is available for transfer to the Municipal Council and the District Board (both of whom require it for their respective schools) on such terms as the Government may desire to prescribe.

3. As will be seen from the enclosed sketch, the building consists of three distinct blocks standing in a line, contiguous to each other, and all situated in the same compound. The central block (which is the largest) is the old taluk cutcherry and is required by the Municipal Council for the location of its middle school. Of the two smaller blocks the municipality also wants the one situated to the east of the taluk cutcherry (formerly used as the Town Sub-Magistrate's office) for the purpose of opening a Muhammadan school, while the District Board is at present actually occupying the western block (formerly used as a Munsif's Court) and require it for their normal school. The last-named building was allowed to be so occupied as a temporary measure in June 1876. The exact present value of the buildings cannot be stated unless they are thoroughly examined and valued by the Public Works Department. It may, however, be roughly estimated at 8,000 rupees including the value of the compound. The roofing of all except the present normal school portion is very much out of repairs, and the renovation of the other portions, if handed over to the Municipal Council, will probably cost it about Rs. 6,000 to put in thorough order.

4. As it is not possible to anticipate at present what the future constantly expanding requirements of the Provincial services will be and as sites, where public buildings of importance may be located, are getting very scarce in this town, I would recommend that the Government should not surrender the buildings and the site in perpetuity and unconditionally to the Municipal and Local funds.

5. The block occupied at present by the normal school is not sufficient for the purpose, and the District Board has therefore run up a temporary shed to secure additional accommodation. With slight improvements and additions this block can be rendered well adapted for the purposes of the normal school. The roof of the remaining two blocks has, as already stated, to be repaired—indeed to a great extent renewed—and I think the municipality may be left to do this and any further improvement it may require at its own cost, and the buildings transferred to the two bodies for use so long as they may want them for public purposes on the condition that they are to be repaired and kept up at their own cost and surrendered to Government when they may be required for its own use at a fair valuation of such improvements as may be effected by them only.

MANGALORE,
9th October 1890.

(Signed) V. A. BRODIE,
Acting Collector.

No. 853, Local and Municipal.

Transferred to the Public Works Department.

FORT ST. GEORGE,
18th October 1890.

(Signed) A. G. CARDEW,
Under Secretary.

ORDER—dated 4th November 1890, No. 2912 W., Public Works.

The transfer of the buildings to the Municipal Council and District Board on the terms stated by the Collector is sanctioned.
