PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper—

From the Public Works Department dated 18th August 1890 N^o 6388 regarding the services of Mr Walsh Supervisor, Kumbakonam Municipality.

From the Sanitary Engineer dated 8th September 1890 N^o 363 requesting that arrangements may be made to transfer an Assistant Engineer from the D.P. W. to be in immediate charge of Kumbakonam Drainage works in the room of Mr Walsh Supervisor, to be retransferred.

From the same office dated 3rd October 1890—
N^o 481.—

In continuation of my N^o 363 dated 8th September 1890, I have the honor to inform you that I cannot under present circumstances carry on work at Kumbakonam satisfactorily.

2. I reported to Government in the above letter that I hoped shortly to visit Kumbakonam. I regret to say that the result of my visit was that I felt very much disappointed with the amount of work done in revising the estimates and settling out the work. The work of Mr. Walsh, the supervisor in charge is in fact so meagre and unsatisfactory that I regret that after a very patient trial of Mr. Walsh, I must now record that I am unable to accept the responsibility of his longer retention at Kumbakonam. I enclose for the information of Government a copy of his diary for the week ending 27th September and this I have got only after repeated applications.

3. Under these circumstances I trust that Government will give me urgently the assistance asked for in my letter quoted above.
