FROM

G.W. Hammett Esquire.

AG. COLLECTOR OF
TRICHINOPOLY.

To

THE SECRETARY TO THE COMMISSIONER

OF Land Revenue

MADRAS.

SIR,

I have the honor to continue
-tion of my letter No 332-4 of the
4th Instant, to forward the infor-
-mation required about the Udayar-
-palayam Taluk Kacheri at
Jayan Kondasholapuram.
2 The building at present
occupied by the Taluk Kacheri
is

is Government property.
I forward an old plan to
Scale, received from the
Executive Engineer. It re-
presents the present state
of the building, correctly,
except that the walls shaded
red have been knocked down,
and the walls shaded blue
built. It will be seen that
the building, like that at
Musi, is an ordinary native
house; and cannot, by any
possibility, be improved, so
as to suit the modern requirements
of a Taluk Kacheri; a small
building in the middle, in which
the

the treasury is put, with an open
Court yard round it, and a
verandah all round that. Part
of this verandah has been made
into rooms as follows; — room
marked A a room for unclaimed
property, B the record room, and
D a room for Stationery and forms.
The rest, marked C and E, remains
a verandah. The Tahsildar and
two clerks sit in the latter of these
verandahs, viz E. The rest of the
gunastahs, 8 in number, sit in the
verandah C. F, in the middle,
is the treasury and Shroff's room;
and the Shrivastadar, when trying
magisterial cases, sits in the verandah,
with

with the prisoners and witnesses
in the open Court-yard in front
of him; - this Court-yard, it being
noted, being under 10 feet broad.
The verandah shaded blue, to
the north, is for Karamand. G and
H are wards of the Sub-jail that
are used by the Police Taluk
Station, as they have no other
accommodation.

3. A more Complete State
of Confusion can hardly be
imagined. Magistrates, prison-
ers, witnesses, clerks, Shroffs,
people doing work at the
treasury and petitioners come
in by one door and then sit
or

or stand about, in a small
enclosure, every one hearing
every word that every one else
says. It is difficult to imagine
good work being turned out
under such circumstances.

4. The present Kacheri was
built about 55 years ago. It
is a tiled building in fair
Condition, but the foundations
are only one foot deep.

5. The building may either
be sold by auction, or the Post
Office, and ^{the} Forest Ranger's
Office or the Union Office can be
put in it. The Post Office is now
in a rented building, rent Rs 3-
a

a month. The Forest Ranger's Office is in a small Government building, lately built at a cost of Rs 300. It is probably better to sell it. It will sell well, the Executive Engineer says, though he does not give an estimate.

6. The new site proposed is a piece of Government Porambo land, a short distance to the South, on the road to Madanabesur. I enclose a site plan.

I have the honor to be

Sir
Your most obedient Servant

Acting Collector.
