GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper :—

From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 6th October 1890, No. 822 G.N.

With reference to para. 6 of G.O., No. 2255 W., dated the 20th August 1890, I have the honor to submit herewith a statement of details for lump sum grants given for estate works in the Ganjam division. The totals of details in the case of Dhárákót, Bodogoda, Aska, Kallikót and Atagadá estates amount to more than the modified grants shown in the above Government order. Details of grant for the Parlákimedi estate have been omitted from the statement, and the Executive Engineer promises to send the details after the accounts of that estate are finally closed. For Jarada estate Rs. 500 only have been given in G.O., No. 2548 W., dated the 25th September 1890, for emergent minor irrigation works, but the statement contains works to the extent of Rs. 3,700. These works will be carried out in next year when an increased allotment may be granted.

2. The statement now submitted contains details for Rs. 59,390, and the Executive Engineer states that he will apply in his next application for the additional funds required. Considering, however, the present expenditure on the estate works, I am doubtful whether he will be able to spend the whole amount included in the statement, but will report further on the subject when sending my next application for modifications of allotments.

3. For the Kurla estate the total of the details given is Rs. 1,025 less than the modified grant shown in G.O., No. 2255 W. of the 20th August 1890, but the Executive Engineer does not afford any explanation for this decrease.

4. A comparative statement showing the present grant and the amounts shown in the statement of details accompanies this letter.

Enclosures.

Statement showing details for the lump sums noted in the statement that accompanied this office No. C-9, dated 14th July 1890.

ASKA,
20th September 1890.

(Signed) A. M. HAYES,
Executive Engineer, Ganjam Division.

ORDER—dated 7th November 1890, No. 2946 W., Public Works.

Communicated to the Revenue Department with reference to para. 6 of G.O., No. 2255 W., dated 20th August 1890.

2. Arrangements should be made to utilise fully the grants provided for the estates. If additional funds are required early application should be made by the Superintending Engineer.

3. The details of expenditure incurred in the Parlákjmeki estate up to the date of its transfer to the proprietor should be submitted as early as possible.

4. Explanation should be furnished of the decrease referred to in para. 3 of the Superintending Engineer's letter read above.

Statements

SIR,

With reference to para 6 of G.O No. 2255 W dated the 20th August 1890 I have the honor to submit herewith a statement of details for lump sum grants given for Estate wor[illegible] in the Ganjam Division. The totals of details in the case of Dharakotta - Bodaguda - Aska Kallikotta & Atagada Estates amounts to more than the modified grants shewn in the above G.O. details of grant for the Parlakimidi Estate have been omitted from the statement, and the Executive Engineer promises to send the details aft the accounts of that Estate are finally closed. For Sarada Estate Rs. 500 only have been given in G.O No. 2548 W dated the 25th September 1890 for emergent Mino Irrigation works, but the statement contains works to the extent of Rs. 3700. These

2946 W / 6

works will be carried out in next year when an increased allotment may be granted -

2. The statement now submitted contains details for Rs 59,390 and the Executive Engineer states that he will apply in his next application for the additional funds required - Considering however the present expenditure on the Estate works I am doubtful whether he will be able to spend the whole amount included in the statement, but will report further on the subject when sending my next application for modifications of allotments.

3. For the Kur[illegible] Estate the total of the details a[illegible]n is Rs 1,025 less than the modified grant shewn in G.O No 2255 W. of the 20th August 1890 but the Exe. Engineer does not afford any explanation for this decrease -

4. A comparative statement showing the present grant, and the amounts shewn in the statement of details accompanies this letter -

I have the honor to be,
Sir,
