To the Supt. of Tel.
Madras Div.

Sir. 3080
1

I am directed by
His Ex^{cy} the Governor
in Council to draw
your attention to the
inefficient character
of the Govt. telephone
communication as
compared with those
of private companies,
and to state that
the Madras Govt. wishes
that some change
should be carried
out so soon that
it will make the working
of its lines thoroughly
efficient. The
change should be
made in the inste.

also if
in fault

proposed to await a
the Director General of
the reference made
to him by the Supt of Telegraphs
Madras, and meanwhile the
Superintendent's letter is circulated
for information.

The line inspectors of the
Telegraph Department frequently
come to the office to renew the
materials in the Telephone Battery
or to clean up the instruments &c
and whenever they do this they
carry on a few minutes
conversation with the exchan

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

Order 7th November 1890 N^o 390.

Copy of the following note by the Honorable Mr. Grastie, dated 18th October 90, and initiated by His Excellency the Governor and the Honorable Mr. Crose is forwarded to the Public Works Department in view to the necessary communication being addressed to the Superintendent of Telegraphs Madras Division.

"Let the Telegraph Department be written to officially drawing attention to the inefficient character of the Government telephonic communications as compared with those of private companies, and they should be told that the Madras Government wish that some change should be carried out at once that will make the working of their lines thoroughly efficient. The change should be in the instruments used and in the batteries also if they are in fault."

Note.

The inefficiency of the
telephone in this office
was brought to the notice
of the Telegraph Dept about
a year or more ago, &
the Sup of Telegraphs
personally inspected
our arrangements. From
what he said, I believe
the system of telephones
is superior to that used
by private companies.
