READ—the following paper :—

From Major C. C. RAWSON, R.E., Executive Engineer, North Arcot Division, to the Superintending Engineer, V Circle, dated 30th May 1890, No. 123 S.E.

Referring to former correspondence and Government orders on the same subject, I have the honor to point out that the only military building at Ranipet left in charge of the Public Works Department is the canteen of the European barracks, No. 1-g of the printed list (Military buildings) ; it is valued in the books at Rs. 450. This building is perfectly useless. The Ranipet Taluk Board have taken over all the other unoccupied buildings belonging to the European barracks and as it does not appear to be worth while to keep up a watchman to look after the canteen building alone, I recommend that it be sold by auction and demolished.

2. Amongst the Provincial civil buildings at Ranipet there is a small building attached to the Commandant's quarters, called in our list " Old Post office," No. 1-g, Provincial buildings. Its book value is Rs. 500. It is in bad repair and the roof is falling in. The Ranipet Taluk Board have been making inquiries about a building for use as a traveller's bungalow.

3. I suggest that this building should be offered to them for use as a traveller's bungalow ; if they decline to take it over, I recommend that it should be sold and demolished as the building is useless and in an unsafe condition unless the roof be repaired.

No. 3799.

Forwarded to the Chief Engineer, Public Works Department, with the recommendation that sanction be given to the demolition of—

(1) the canteen of the European barracks at Ranipet, and
(2) the building, known as the Old Post office at Ranipet.

2. The President, District Board, North Arcot, has since informed me that the Ranipet Taluk Board do not require the latter building.
