Mr. H. W. Bliss

Mr. W. S. Whiteside

Read letter from the Collector of North Arcot
dated 14th August 1890 No. 4552

Resolution

Submitted for the early orders of Government
2. The Board would strongly deprecate on
archaeological grounds the destruction of the
old gateway. The stone in question has for
very many years been in a sloping position
and was clearly left in that state by the
original builders of the Fort when the work
was suddenly stopped.

As it is reported that the Engineer
on the spot Mr Bull has strong tackle
with which the stone can be easily shored
up and made secure, the Board recommends
that this be done at once
