1. A statement in this form will be submitted by the examiner to the accountant-general not later than the 20th of the month following that to which it relates (para. 1930).

2. The statement will comprise any appropriations made during the month, either by the government, or by an officer serving under it, which the examiner may consider to be opposed to the budget rules. It will be divided into two parts, one to show the irregular appropriations from imperial and the other the irregular appropriations from provincial funds (para. 1930).

3. The cases to be noticed in the statement relating to imperial and provincial Funds are detailed in code paras. 1931 and 1932.

4. The examiner will not delay noticing cases of appropriations which appear to him to be irregular until the submission of this return to the accountant-general, but will at once submit a report of such cases to the government on their coming to his notice, stating his opinion, when, if the appropriation be cancelled no further action will be required. If the appropriation be maintained, the examiner will make the needful entry in his budget register, and include the item in this statement (para. 1933).
