4TH DECEMBER 1890, No. 3206 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Lieut.-Colonel A. C. SMITH, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 6th October 1890, No. 658 M.D.

With reference to G.O., No. 1380 W., dated 16th May 1890, I have the honor to submit, for your approval, the accompanying estimate, amounting to Rs. 190, for repairing the Port officer's bungalow at Pámban.

2. The repairs estimated for are absolutely necessary, and the estimate will be sanctioned by me for execution after being approved by you, and the amount placed at the disposal of this department.

3. With reference to para. 2 of G.O., No. 2470 W., dated 16th September 1890, I have the honor to report that the area of the building, as noted in the Executive Engineer's report attached to the estimate, is 3,648 square feet, of which the area occupied as an office and store-room is 1,100 square feet. The normal rent chargeable for the portion occupied by the Port officer as his residence is Rs. 27-4-0, while the proportionate charge for office accommodation would be Rs. 11-12-0 per mensem.

4. The above rent of Rs. 27-4-0 for the residence of the Port officer is within 10 per cent. of his pay and allowance, but if it is ordered that the deduction of the proportionate rent now fixed for office, &c., be made from the rent of Rs. 32 actually paid by Mr. Carlyon at 10 per cent. of his pay, &c., then the amount payable by that officer will be Rs. 20-4-0.

No. 4261 C.

Forwarded to the Marine Department for approval of the estimate and acceptance of the proposed division of accommodation between quarters and office.

2. The enclosures of G.O., dated 27th August 1890, No. 319, Marine, are returned for reference.

(Signed) J. PENNYCUICK, Col., R.E.,
Secretary to Government, P.W.D.

20th October 1890.

From the Presidency Port Officer, dated 29th October 1890, No. 137/522 G.

I have the honor to return herewith the papers received with Marine Department reference, dated 27th October 1890 on current No. 950, and to observe that the alterations therein proposed to be carried out to the Port officer's quarters at Pámban seem to meet what is required.

2. As regards the deductions of rent to be made on account of the portion of the building utilized for office and store-room, I am of opinion that it should be from the actual rent now paid by Mr. Carlyon, viz., Rs. 32 per mensem, and that the total rent for the portion used as residence should not exceed Rs. 20-4-0 per mensem.

R. No. 252, Marine.

Approved and transferred, with referred papers returned, to the Public Works Department. It is suggested that, if permissible under existing rules, the deduction for that portion of the bungalow occupied as an office should be made from the rent actually paid at present for the whole building by the Port officer.

(By Order.)

18th November 1890. (Signed) A. BUTTERWORTH,
Ag. Assistant Secretary.

Order—dated 4th December 1890, No. 3206 W., Public Works.

The estimate for repairing the Port officer's quarters at Pámban will be returned to the Superintending Engineer, VI Circle, for sanction and early execution.

2. The question of placing a sum of Rs. 236 * at the disposal of the Public Works Department from Port funds will be considered in the Financial Department.

3. The division of rent between office and quarters proposed by the Superintending Engineer is approved. The Government considers that the proportion must be calculated on the total normal rent of the building, and as the share to be paid by the Port officer is Rs. 27-4-0, or less than 10 per cent. of his salary, there is no reason for complaint.

No. $\frac{832}{23}$ B.
Enclosure one

From

W. S. Carlyon Esqr.
Port Officer

To

The Presidency Port Officer
Madras

Sir

In forwarding the enclosed Copy of a letter from the Examiner of Public Accounts to the Executive Engineer Madura Division, with an endorsement by the Tsy Deputy Collector of Madura, I have the honor to request that you will be good enough to place the matter before Government, if necessary, with a view to my obtaining a refund of house rent for a portion of the period of my absence at the Tuticorin Pearl fisheries, viz, from the 17th January to the 6th February.

(2) I Consider it worthy of more than passing Consideration that the best room in the Bungalow is Sacrificed to the use of Government for use

as

as a Port office, and this Circumstance would appear to me to favour the idea that Government were more in possession of the building than I was, and that if I had given notice of vacation to the Executive Engineer I should probably have been expected to leave the Bungalow as I found it, viz, with bare walls, & all the rooms vacant.

(3) It was impossible for me to know when my Departmental relief would arrive, and he might have come, the day after my departure when he would expect to find an office in which to carry on the work.

(4) Failing relief on other considerations, I would respectfully propose that Mr Raju Ratnam, the acting Port Officer during the above mentioned period, should be requested to pay the rent, as, by making use of the office, he was in partial occupation of the Bungalow.

I have the honor to be
Sir
Your most obedient servant
A. W. Carleton
Port Officer.

Current No. 11088

From

Marine Dept:

ENCLOS.— 11

No. 252 R

Dated 18—11—90

Received 20-11-90

SUBJECT.

Port officer's Bungalow at Pamban — Approving and transferring plan & estimate for repairing the —

DISPOSAL,

No. dated

B & R Civil Works

9767

Dw 3206W 3206/15

The proportion of rent to be charged for the quarters & office of the Pamban Port officer must be based on the total rent of the building calculated according to rules, — not on the amount actually paid by Mr Carlyon, which is 10 per cent of his salary —

He now pays Rs 32 per mensem — If the total rent, Rs 39, be divided in the proportion recommended by the S.S., he will have to pay Rs 27, so that the reduction to him will be only Rs 5 per mensem.

R. 4261C d/ 20.10.90
" 4070 W d/ 16.9.90

correspondence, Mr. Carlyon protested against the division of accommodation between quarters & office made by the P.W.D.

If the estabt. & tools & plant charges be taken at 10 p.c. in accordance with the recent S.O., the total rent will be Rs 36 per m., & the proportionate rent for the quarters about Rs 25 per m.

The estimate submitted by the S.E. might perhaps be sent to the Marine Dept for approval, & that Dept. might be asked at the same time if it approves the division of accommodation between quarters & office.

For orders.

17.10.90

Yes – the rent will be settled on Mr. Simmonds' basis

B. & R. Civil Works

11088

Note 3206/16.

Neither the Marine Dept. nor the Master Attendant has taken up the second point referred in this office No. 4261C d/ 20-10-90, viz: whether the division of accommodation between office & quarters is accepted by the Marine Dept. In the previous papers Mr. Carlyon objected to the allocation of space made by the Ex. Engr., intimating that a great deal more space was taken up for Govt. purposes than the P.W. Report indicated.

It seems obvious that the division of

No. 4261 C d/ 20.10.90
" 4070 W d/ 16.9.90

rent between Office & Quarters must be made on the total rent of the building calculated according to rules. If Mr Carlyon's share exceeds 10 per cent of his pay, he will have to pay only 10% - If the amount is less than 10%, he will pay the actual amount - The arrangement suggested by the Marine Dept cannot be sanctioned without reference to the Govt. of India - For orders.

21-11-90

The S.E. in his No 658 M.D. of 6th Oct. 90 states that Rs 27-4 is within 10% of the pay of Mr Carlyon - I think the estimate shd. be returned to S.E. for sanction & orders issued that the rent must be paid according to rule, at Rs 27-4 or 10 per cent on salary
