ABSTRACT.—Regarding the construction of a church at Guntúr.

Order—dated 16th April 1890, No. 1121 W., Public Works.

The Government observes that no grant is admissible in this case under rule 10, section IV, appendix D, Public Works Code. Guntúr is not the chief civil station of the district and it is improbable that the number of European British-born subjects, Protestants, in the general service of Government, at the station, amounts to the minimum for a grant, viz., 25.

READ—also the following paper:—

From the Venerable J. F. BROWNE, B.D., Archdeacon of Madras, to the Chief Secretary to Government, dated Madras, 10th October 1890, No. 444.

On the 8th of November 1889, in my letter No. 192, I had the honor to address Government on behalf of the resident members of the Church of England in Guntúr, with a view to obtaining a grant-in-aid towards the erection of a small church at that station.

2. The application was considered and dealt with in G.O., No. 23, dated 23rd April 1890, stating that no grant is admissible in this case under rule X, section IV, appendix D, Public Works Code.

3. I venture again to address Government on the same subject and forward a letter from R. P. Gill, Esq., Honorary Secretary, Guntúr Church Building Fund, asking that the same may be favorably considered.

4. The residents of Guntúr have shown great liberality in their personal subscriptions, while the services in the temporary church have been well attended, and although the average of Government servants attending may not have come up to the actual number required, yet they form a large percentage and if the Volunteer Reserve Force be included, the letter states that the requirements of the clause as to numbers would be met.

5. Under the above circumstances, I would respectfully request Government to reconsider their previous decision.

ENCLOSURE.

From R. P. GILL, Esq., Honorary Secretary, Guntúr Church Building Fund, and Warden of present Church, to the Venerable the Archdeacon of Madras, dated Guntúr, 3rd October 1890.

With reference to your letter of 6th May 1890, No. 334, communicating to me the order of Government, dated 28th April 1890, upon my application for a building grant to our church, I beg to tender you my best thanks for so strongly recommending a grant being made, and regret very much that we could not then put a sufficiently strong case before Government to command success.

2. In the meantime, however, circumstances have been working very favorably with our small temporary church, and I now feel warranted in soliciting your renewed sympathy and help in again addressing Government on the subject.

3. His Lordship, the Bishop of Madras, has visited us, and expressed his great satisfaction at all that he saw.

4. We presented to him seven candidates for confirmation.

5. At his visit, there were 30 communicants at Holy Communion and a congregation of 63 people.

6. During the past year 63 services were held, at which 1,754 people have been present, making even an average congregation of 28 people, while during the cooler months of the year the attendance was, on some occasions, over 45.

7. Our church is entirely self-supporting, and our monthly collections cover all the expenses of our services.

8. The Right Reverend the Bishop has sanctioned a monthly visit from a C.M.S. clergyman from Bezváda, and Government has also sanctioned his travelling expenses.

9. Under these circumstances, I therefore humbly beg to state that it is self-evident what good our little church is doing, and how firmly the enterprise has taken root, and although, according to the Government rule for such grants as we asked, there is the clause "in the general service of Government," we can show that we have ministered to the wants of 1,754 of Her Most Gracious Majesty's subjects during the year, and although the average of them, as Government servants, may not have come up to the actual "letter of the law," a very large percentage of them have been in Government employ, and even those that have not drawn a stipend from Government have had Her Most Gracious Majesty's service at heart, especially in this undertaking.

10. I believe, however, that if the Volunteer Reserve Force of the place be taken as "service of Government" we could quite satisfy Government under the clause quoted.

11. We have been collecting funds for nearly three years and have appealed to almost all our friends for help, and although the list seems to be exhausted, we have the gratification of having collected as much as Rs. 2,820. To this His Lordship the Bishop has promised to add Rs. 200, making our total *receipts* up to date to Rs. 3,020.

12. But of this we have spent upon the *construction* Rs. 870 and *equipment* Rs. 713 of our *temporary building*—in all Rs. 1,583, leaving us with an *available balance* of Rs. 1,437 (and equipment valued Rs. 713).

13. To this we may add Rs. 563 by sale of our present temporary building, and we shall then have Rs. 2,000 *in hand*.

14. The estimate for our permanent *church built of stone is* Rs. 3,500 and for the remaining sum required to give us a fully-equipped church, viz., Rs. 1,500, we have nowhere to turn to but to Government, and for this I now have the honor to request you to forward this my application to Government for a grant-in-aid of Rs. 1,500 for the construction of a permanent church at Guntúr.

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

I am directed to inquire whether rule XI, section IV of the revised Ecclesiastical rules* must be read as defining the conditions under which a grant may be made under rule X, or whether the grant admissible under rule XI may be given for a church at any civil station complying with the conditions of the rule, irrespective of the restrictions imposed by the opening words of rule X.

* Appendix D, Madras Public Works Code.

2. A copy† of the papers which have given rise to this reference is forwarded herewith for perusal. It is proposed to construct a church to accommodate about 60 people at Guntúr in the ~~Nellore~~ district; the Secretary to the Building Fund has in hand a sum of Rs. 2,000 raised by subscription towards its construction and equipment, and he applies to Government for a grant-in-aid of Rs. 1,500. Guntúr, however, is not the chief civil station of the district, and there are not resident there twenty-five European British-born subjects in the general service of Government, unless volunteer reservists be included in the category. This Government is therefore doubtful whether a grant-in-aid is admissible under the rules.

With reference to the Hon: Member's remarks on the Note of 13. 11. 90 on C.N. 10254, the undersigned has the honor to say that he thinks that Rule XI of section IV Appendix D, must be read as defining the conditions under which a grant may be made under Rule X, in other words, as limiting the scope of that rule, and not as extending it.

The question is

Let a reference be made

24/11

Very well - let the matter be referred to the Govt. of India if they so desire - but I think my view is right as, besides Rules XI A & XI D provide specifically for Govt. grants in aid to Railway Companies there is under Rule 25 power of Govt. to grant & for grants in the R.C. Christian religion - so that it was clear that the granting Govt money in such a character is not to be limited to the civil portions of districts &c - & grant is wrong a civil portion but a railway portion or State Rly is clearly entitled to grant under Rule XI A if the requirements of Govt Resolution dated 13 Aug 1890 are complied with

23/11

complicated by the fact that grants-in-aid have been given for churches at Cocanada and Parlakimedi and no objection appears to have been raised.

The former may be considered as the chief civil station of the Godavary District, but the latter certainly is not.

It would perhaps be as well to refer the matter for the consideration of the Government

of India. 3224-28/19

The Secy. to the Govt of India
P. W. Department

Sir,

I am directed to inquire whether Rules XI Section IV of the Appendix D. Madras P. W. Code revised Ecclesiastical rules must be read as defining the

Conditions

conditions under which a grant may be made under Rule X, or whether the grant admissible under Rule XI may be given for a church at any Circle station complying with the conditions of the rule, irrespective of the restrictions imposed by the opening words of Rule X.

2 A copy of the papers × which have given rise to this reference is forwarded herewith for perusal. It is proposed to construct a church to accommodate about 60 people at Gwadur in the ~~Kolaba~~ Kolaba District. The Secretary to the Building Fund has in hand a sum of Rs 2000 raised by subscription towards its construction and equipment, and he applies to Govt for a grant in aid of Rs 1500.

Gwadur however is not the chief Civil station of the district, and there are not resident there twenty five European British-born Subjects in the general Service of Government, unless volunteers recently to be included in the Category. This Government is therefore doubtful whether a grant in aid is admissible under the rules.
