GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

Proceedings of the Government of India, Public Works Department (Account—General), dated Calcutta, 7th January 1890, Circular No. 2, Public Works.

Vouchers for petty payments, and for payments for which it is difficult to obtain the payee's receipt.

Read—Paras. 100—102 of the report by the Committee on Public Works Accounts:—

100. *Limit within which vouchers not required.*—The question to what extent it is desirable to allow payments to be made without a voucher was much discussed. Opinion on it is divided. The present rule is that the paying officer must take vouchers for all his payments in one shape or another; but that muster rolls, and vouchers for payments individually less than Rs. 5, need not pass beyond the disburser's possession, or at least beyond the divisional office. They are, however, liable to be called for by the Examiner at his inspections. There are cases in which it is difficult, if not impossible, to obtain receipts from the payees, and the tendency of the rules as they now stand has been to encourage the manufacture of incorrect or spurious vouchers.

101. The Committee thinks that it might be left optional with Executive Engineers to require, from those serving under them, vouchers for payments under Rs. 10 each; but that in no case need vouchers under this limit be submitted to the Examiner or called for by him in his test audit.

102. The Committee further thinks that in many cases a certificate of payment by a responsible officer is the best voucher of the payment, and that such certificates should be freely accepted in all cases when the Executive Engineer can satisfy the Examiner that there is difficulty in getting a formal voucher.

Read—also Public Works Department Code, vol. I, chap. X, para. 48, and vol. II, chap. XIII, para. 106—(Standing Order No. cxlvi, dated 16th July 1887).

Resolution—The Government of India accepts the recommendations made in paras. 101 and 102 of the report, with the exception that vouchers must be obtained for all payments to members of the establishment, and be submitted to audit as at present.

2. Executive Engineers should not take undue advantage of the permission given to send a certificate of payment, instead of a receipt, in support of an entry in their accounts; receipts should always be obtained when possible. On the other hand, the Examiner should interpret liberally the proviso that he is to be satisfied of the difficulty in getting a receipt, and should, as a general rule, accept such certificates as he may receive with the accounts.

3. If it be considered that clerical labor in the divisional office will be thereby reduced, Local Governments and Administrations are empowered to draw out, with the assistance of the Examiner of Accounts, a form in which certificates of payment should be submitted.

4. Certificates of payments should bear the same signatures as ordinary vouchers of payments.

5. This order is applicable to the Buildings and Roads, Irrigation, and Railway Construction Branches of the department.
