Trichinopoly
27th January 1890

To His Excellency
the Governor-in-Council
Fort Saint George.

May it please Your Excellency,

1. With reference to G. O. No. 97, dated
14 January 1890, in reply to my petition, pray-
ing for higher rate of pension which I am
entitled to, I most respectfully beg to submit
that, at a time when all the subordinates
refused to go and serve in a malarious
country, I was ready to the call and placed
my soul and body at the disposal of Government,
on the inducement which was held out to me
through their Chief Engineer*, in the way of

* Vide his No 1589 dated 2nd November
1876 to the District Engineer Trichinopoly-

Condoning a break
in my service, and

declaring me eligible for moiety pension.

2. Under this promise, I directly went
to that unhealthy country, remained there, and
did my works to the satisfaction of my superiors,
and at the sacrifice of all my personal comforts.
After this done, the Superintending Engineer Colonel
broad recommended to and reminded the Government

in his No 2659, dated 19th December 1888 of their
promise about my pension affair, who thereupon,
acceding

According to the recommendation, directed the Controller to verify the whole term of my service which amounted to about 30 years, but the Controller finding records wanting to vouch a few months, viz 9 months and 6 days in 1858-59, called upon me to furnish him with an affidavit which I readily submitted and waited for results.

3— But sometime after this, nothing transpired, and I lived in good hopes. In the mean-while the Chief Engineer Colonel Broad retired, and afterwards I received the G.O. under reference which simply recorded my petition: So now it would appear that the potent Government have changed their will only for want of reminders. To recall to memory the particular circumstance under which Government promised to condone a break in my service I have none left at this lapse of time. After serving arduously for about 30 years, and spending the flower portions of my life in such services, I have been forsaken in my grey hairs. To whom I should look up for support at this moment! The small pension (Vizt Rs. 11. 15. 7) allowed to me in G.O. No 594, dated 20 June 1889, is hardly sufficient to protect me and my family from starvation.

4— I therefore most respectfully pray the benign Government will be graciously pleased to condone the break as promised, and grant me that rate of pension to which I have become entitled.

5— As at this lapse of time, and in the absence of the officer who could remind them with the facts of my case, the Government have forgotten their promise and have withheld their boon to me, I would respectfully solicit that Copies
