C. N. 11

From

THE VENERABLE J. F. BROWNE, B.D.,

ARCHDEACON OF MADRAS,

To

The Honorable
The Chief Secretary to Government,
Fort St. George.

Sir,

I have the honor to submit for the favorable consideration of Government a Plan & Estimate amounting to Rs 848 for improving the ventilation of the Apse of St. George's Cathedral, Madras.

2. The work in question has long been contemplated, and an Estimate amounting to Rs 4048 is entered in the Public Works Budget Estimate for page 12 & 13, for this purpose.

3. It was not however considered advisable to ask for this large sum, and the proposed Cloister was given up, and the Plan so submitted substituted in its place.

4. The proposed Ventilation is really needed, the Apse during the hot season being 'extremely close' and was described by a former Consulting Architect to Government as a 'reverberating furnace'.

5. Handsome wall decoration for the interior will be provided from Subscriptions, the cost of the same being £52 and pavement where required will also be procured from England for £35.

The Plan submitted has the warm

Cathedral Trustees, and I respectfully
ask Government to sanction this necessary
work, and grant the amount of the
Estimate, viz. Rs 848.

7. The contemplated alteration will
provide the much needed ventilation &
greatly add to the interior beauty of the
Cathedral Church of the Diocese.

I have the honor to be,

Your Most Obed Servant,

J. F. Browne

ARCHDEACON OF MADRAS

Public Works Department.
