Account.

READ—the following paper :—

Office note from the Examiner, Public Works Accounts, dated Madras, 20th December 1889, No. 1819.

Please see accompanying letter, No. 283 C., dated 10th December 1889, from the Executive Engineer, Presidency Division, requesting me, with reference to G.O., No. 3197 W., dated 11th November 1889, regarding the preparation of completion reports and certificates, to furnish him with the new draft form of completion report to enable him to print working forms.

2. As requests of this kind are becoming frequent in connection with new form referred to in this and similar orders, I would suggest that orders may be issued to the effect that, *unless otherwise expressly stated*, action on such orders must await codification and issue of forms. Some officers seem to think that I can supply the forms almost as soon as I receive the orders of Government.

ENCLOSURE.

From W. B. DEWINTON, Esq., Executive Engineer, Presidency Division, to the Examiner, Public Works Accounts, dated Bangalore, 10th December 1889, No. 283 C.

With reference to G.O., No. 3197 W., dated 11th November 1889, I have the honor to request you will be good enough to forward new draft form of completion report, so that copies may be printed for use.

ORDER—dated 7th January 1890, No. 35 W., Public Works.

The suggestion in para. 2 of the Examiner's note is approved.

Completion Reports and Completion Certificates.

Read—

Public Works Department Code, Volume I, Chapter VII, paragraphs 33-35.
Public Works Department Code, Volume I, Chapter IX, paragraphs 38 to 43.
Public Works Department Code, Volume II, Chapter XIII, paragraph 60.

Read—also the following extract from the Report by the Committee on Public Works Accounts :—

SUBJECT No. XVIII.

Completion Reports and Completion Certificates.

387. The orders regarding completion reports are contained in paras. 38 to 44, chapter IX, volume I of the Code.

388. Details are not required in the completion reports of works costing less than Rs. 2,500 each. A number of such works are allowed to be scheduled together in one completion report.

389. *Details in Reports.*—Provision has been made in the suggested works ledger for the record of outlay and of progress in any detail considered necessary by the Executive Engineer, the Superintending Engineer, or higher authority. It is questionable what end is served by the detail in full in the completion report of the quantities of work done as compared with the estimate.

390. The orders in para. 42 quoted above, as modified by Standing Order No. 78 of 21st September 1887, appear to meet all requirements with respect to works under Rs. 2,500, and the Committee would recommend their application to all works, the outlay on which is not recorded by sub-heads.

391. *Limit of use of detailed Reports.*—The Committee would recommend that when the account of a work is kept by sub-heads, it should not be necessary, except under special orders of the sanctioning authority, to submit a detailed completion report as in form 45A, if the total cost be within five per cent. of the estimate. In such cases a simple certificate showing the total estimate, total outlay and the excess or saving, &c., and bearing the office number of the record plan, should be sufficient. When the total amount of an estimate has been exceeded by more than five per cent., the sanctioning authority may either call for a revised estimate or accept a completion report in a form similar to the present form 45A, full explanation being given of the causes of excesses and savings under each sub-head.

392. *Completion Certificates.*—The reference to plan and estimate on the certificate on forms 45B and 45D should be cut out. It gives rise to interference by officers of departments for which the Public Works Department does a service, with professional details, which, as a rule, they are not competent to pronounce an opinion upon, and frequently causes much delay.

Resolution—The Government of India accepts the recommendations of the Committee; and is pleased to rule—

I.—That the orders in Public Works Department Code, volume I, chapter IX, paragraph 42, with respect to the omission of details from completion reports, be applied to all works, the outlay on which is not recorded by sub-heads (*vide* Circular No. 10 Public Works of 1889).

II.—That in the case of works on which outlay is recorded by sub-heads a detailed completion report in form No. 45A shall be required only when the total estimate has been exceeded by more than five per cent. When the cost does not exceed the estimate by five per cent., it will be sufficient if the Executive Engineer submits a simple certificate, showing the total estimate, the total outlay, and the excess or saving, and bearing the office number of the record plan.

III.—That, when excesses occur at such an advanced period of the construction of a work as to render the submission of a revised estimate purposeless, the excesses be dealt with in a completion report, in which details need only be given when the excess is above five per cent. of the original estimate.

IV.—That the references to plan and estimate in the certificate on forms 45B and 45D be expunged.

2. This order applies to the Buildings and Roads, Irrigation and Railway Construction Branches of the Department.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners, Central Provinces, Burma, Assam and Coorg.
The Resident at Hyderabad.
The Resident at Mysore (for information).
The Agents to the Governor-General for Central India, Rajputana, and Biluchistan.
The Superintendent of Port Blair, and Chief Commissioner, Andaman and Nicobar Islands.
The Consulting Engineers to the Government of India for Railways, Calcutta, Lucknow and Central Division.
The Accountant-General, Public Works Department.
The Director-General of Telegraphs, } for information only.
The Director-General of Railways, }
The Comptroller-General,

Order — Ordered that the foregoing be communicated to the Local Governments and Administrations and the officers noted in the margin for information and guidance.
