READ—the following paper :—

G.O., dated 29th January 1890, No. 636, Revenue.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 9th January 1890, Forest Mis. No. 16, on the following letter from the Conservator of Forests, Southern Circle, dated 4th December 1889, No. 2583 :—

[Subject.—Sufficiency of a levelling certificate given by an officer of the Survey Department.]

I have the honor to state that Mr. Baber, an officer of the Survey Department, recently examined a Forest Ranger in levelling as well as surveying and granted him a certificate. I presume that this certificate is sufficient, although it is laid down in Board's Proceedings, Forest No. 289, dated the 11th June 1888, that the examination is to be conducted by a Public Works Department officer. This order was made, I believe, after another Survey officer had declared that he had no means of examining in levelling; but, if a Survey officer is willing and able to conduct the examination, I presume that his certificate is sufficient.

Resolution—dated 9th January 1890, Forest Mis. No. 16.

Submitted to Government.

2. As the Ranger had to be examined both in surveying and levelling, the former of which has to be done by the Survey, and the latter by the Public Works, Department, it was probably found convenient to have both the examinations conducted by the same officer.

3. In these circumstances, the Board recommends that the certificate in levelling granted by the Survey Department may be accepted as sufficient.

4. It is also suggested that, in future, where the Survey officers do not object to conduct the examination in levelling, their certificates may be recognised as well as those granted by the Public Works Department.

Order—dated 29th January 1890, No. 636, Revenue.

The Board's recommendations in paras. 3 and 4 of the foregoing Proceedings are accepted.
