To

The Chief Engineer
P.W. Department

Sir

Encls. 1.

I have the honor to forward for sanction of Government a bill of cost in the form of an estimate amounting to Rs 4918-6-7, for Iron railings, Gates &c to be fixed in the Central Jail Salem.

2. This estimate has been prepared at the request of the Examiner of P.W. accounts for the purpose of auditing the accounts of the Civil Department as the cost of materials stands debited in the accounts of the Trichinopoly Division for June 1889.

3. The materials were originally purchased for use in the Trichinopoly District Jail but afterwards

afterwards found it to be unnecessary. It is now proposed to utilize them in the Salem Jail at the suggestion of the Inspector General of Jails, where they are urgently wanted consequent on the wooden palings in that Jail being in a very rotten state in many parts.

In his letter No 538 of 13 December 1889 the Superintendent of Central Jail Salem states as follows:

"The iron palings have been received here. As for putting them up it seems unnecessary to apply to P.W. Department for help; Consect labor and Jail Officer's supervision being as I think sufficient for the purpose."

I have the honor to be
Sir

Your most obedt Servt
