PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of the Board of Revenue (R. R.) of 7th December 1889 No 7519 his. on letter from the Collector of Nellore, of 31st October 1889 No 450
 10/11/89

Resolution

Submitted to Government for orders.

2. The Board considers that the Collector has shown good reason why the monthly returns he was directed to submit should not be insisted upon. The Board will scrutinize very carefully the next half yearly statement from Nellore and hopes that with that assurance, the Government will be pleased to withdraw the order to which the Collector objects. It is clear from his report that he is not himself in any way responsible for the greater portion of the arrears, which have been outstanding for many years, and the existence of which has been brought to light to a great extent through his exertions and system of office management.

3. The Board has called for further information regarding the suggestion made that a code of procedure should be introduced for officers dealing with compensation cases and will pass orders on it on receipt of the Collector's report. The Board's first member proposes visiting Nellore shortly and examining into

into the system of office management introduced into that office by Mr. Maclean. If the system or any modification of it, is really as effective as Mr. Maclean thinks and as it appears to be, it should, the Board considers, be introduced into other districts.

Order thereon, 14 January 1890 No 192

Under the assurance given by the Board that the next half yearly statement of compensation will be carefully scrutinized, the Government will not insist on the submission of monthly statements.
