21st JANUARY 1890, Nos. 58, 58A, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—G.O., dated 16th September 1889, No. 2056-L., Local and Municipal.

ABSTRACT.—Forwarding to the Revenue Department, with remarks, statement showing the famine relief works proposed by the Local Boards and Municipalities in the districts of Chingleput, South Arcot, Tanjore, Trichinopoly, Madura and Tinnevely for 1889-90.

READ—G.O., dated 21st November 1889, No. 1589-M., Mis., Local and Municipal.

ABSTRACT.—Communicating to the Revenue Department in continuation of G.O., dated 16th September 1889, No. 2056-L., quoted letter from the Chairman, Municipal Council, Periyakulam, regarding famine relief works.

READ—also the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 21st December 1889, No. 567 :—

MR. CLOGSTOUN.

Read—the following letter from E. TURNER, Esq., Collector of Madura, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Madura, 7th December 1889, No. 152 :—

With reference to Board's memorandum, dated 26th September 1889, I have the honor to submit, herewith, a consolidated list of the minor irrigation works in the Madura, Tirumangalam and Melúr taluks that may be undertaken by Civil Agency in times of famine relief.

2. The irrigation works in the other taluks are not entered in the list, as they have been taken up by the Tank Restoration Department.

Resolution—dated 21st December 1889, No. 567.

Submitted for the information of Government.

2. The Civil Agency works proposed by the Collector for 1889-90 consist entirely of repairs to tanks in three taluks and are estimated to cost as under :—

	RS.
Madura taluk	1,269
Tirumangalam taluk	480
Melúr taluk	7,555
Total	9,304

3. The above sum would provide employment for one year, at 2 annas a day, to 204 persons or about .01 per cent. of the total population of the district, which amounted to 2,168,680 in 1881.

(A true Copy and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department,
with list, in original.

„ Collector of Madura.

ORDER—dated 21st January 1890, No. 58, Revenue.

Miscellaneous.

The following statement shows the amount of the estimates for Civil and Professional Agency works in the district of Madura, which could be started if famine were to occur:—

				Amount of estimate.
				RS.
Civil Agency—				
Provincial works ...	...	...	...	9,304
District Board works ...	...	...	...	12,17,354
Municipal works ...	...	...	...	69,710
Professional Agency				
		Total, Civil Agency ...		12,96,368
				40,69,332
		Grand Total ...		53,65,700

These works would give employment for twelve months to 5.4 per cent. of the population at an average wage of 2 annas *per diem* or to 7.2 per cent. if the daily wage be reckoned at an anna-and-a-half. The figure for Municipalities has been reduced by Rs. 2,000, as the amount to be given as compensation for the land taken up has in some instances been included. Care must be taken in preparing future estimates to prevent the recurrence of this mistake.

2. In addition to the above works, the Palghat-Dindigul and Madura-Pámban railways would also afford employment for a large number of people.

3. It is observed that the great majority of the works now proposed are the same as those given in the programme for the last year.
