GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

Circular from the Government of India, Public Works Department (Account—General), dated Calcutta, 17th December 1889, No. 38, Public Works.

Errors in Vouchers.

Read—Para. 105 of the report by the Committee on Public Works Accounts:—

105. *Vouchers generally.*—The Committee thinks that no vouchers should ever be objected to for mistakes under an anna, except in rates; that corrections made in the details of an account need not be severally initialled, provided the corrected result is initialled; further, that vouchers should not be returned to the officer drawing them up, because they are not on the prescribed form, provided every essential requirement of the form is satisfied.

Resolution—The Government of India is pleased to empower Examiners of Accounts to pass finally errors of one anna or less in all vouchers for payments; of eight annas in such vouchers, of, or exceeding, Rs. 500 in amount, and of one rupee in vouchers for Rs. 1,000 or over. These errors are not to be overlooked as a matter of course; Examiners will use their discretion in each case, but it is expected that by means of the authority now given they will be able to themselves dispose of many trifling items, which have heretofore involved troublesome references to Executive Engineers.

2. The Government of India accepts the recommendations of the Committee that corrections made in the details of a bill on which money is paid need not be severally initialled, provided the corrected result is initialled; and that vouchers which fulfil all essential requirements shall be accepted in audit, though not drawn up on the prescribed form.
