Notes of the Examination at Periyar on the 23rd. January 1890
of the cash and service books and paid travelling allowance claims in
the office of the Chief Engineer, Periyar Project.

The cash account was found to contain only charges duly audit-
ed in contingent bills. Charges for service labels were traced into
the postage account, which like the cash book was found in thorough
order.

2. The service book of draftsman John Pillay requires reattesta-
tion, the date of last attestation being 6th. December 1875. The other
service books are in order.

3. The travelling allowance journals of office and petty estab-
lishment from April to August 1889 inclusive, were audited and found
generally correct. The new journal form was brought into use in De-
cember 1889.

Calicut,
