READ—also the following papers :—

From H. SEWELL, Esq., President, District Board, South Arcot, to the Chief Secretary to Government, dated Cuddalore, 26th November 1889, No. 62.

With reference to G.O., dated 22nd November 1889, Mis. No. 2702 L., I have the honor to state that the Taluk Board of Vriddhachalam have made the following provision in the budget estimate for 1890-91, for the works mentioned in the list which accompanied the above :—

	RS.
(1) Repairing road on Veeranam tank bund, 9 miles, at Rs. 100	900
(2) Road on the Coleroon bank, 20 miles, at Rs. 50	1,000
(3) " Vadavur bank, 10 miles, at Rs. 50	500
(4) " right bank of the Khan Sahib's Canal, 6 miles, at Rs. 50	300
(5) Maintenance of Kavarapet road, 2 miles, at Rs. 45	90

2. It will be observed that, in the case of works Nos. 3 and 4, the Taluk Board have provided only Rs. 500 and Rs. 300, against Rs. 1,000 and Rs. 450, respectively, entered in the list communicated with the above Government order.

From G. W. FAWCETT, Esq., President, District Board, Trichinopoly, to the Chief Secretary to Government, dated Trichinopoly, 29th November 1889, No. 102.

I have the honor to state, in reply to G.O., Mis. No. 2702 L., dated the 22nd November 1889, that Rs. 1,000 will be provided in the budget for 1890-91 for the maintenance of road No. 20 from Sirudayur *via* Sankarayur to Lower Anicut.

From W. A. HAPPELL, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 30th November 1889, No. 365.

With reference to G.O., Mis. No. 2702 L., dated 22nd November current, I have the honor to report that, on comparing the list forwarded with those furnished to me by the two Executive Engineers in the district, the amounts and the works included agree with one another, but the description in two cases and the number of roads in two others differ, and these are specified below :—

Tanjore Division, Tanjore Taluk.—Road No. 90, along the north bank of the Vennar, east (not west as entered in the Government list) of road No. 4, &c.

Tanjore Division, Shiyali Taluk.—Road No. 70, along the Coleroon south bank from Lower Anicut to Anaikaran chattram eastward, 28—31 miles.

Negapatam Division, Tiruturaipundi Taluk.—Raising road No. 63 (not 51) in 7th and 8th miles.

Negapatam Division, Mannargudi.—Road No. 90 (not 91) along the north bank of Vennar, sanding $5\frac{1}{2}$ miles.

From A. T. ARUNDEL, Esq., President, District Board, Kistna, to the Chief Secretary to Government, dated Masulipatam, 9th December 1889, No. 223.

With reference to G.O., Mis. No. 2702 L., dated 22nd November 1889, I have the honor to state that the amounts referred to in the statement received with Government order under reference will, as usual, be provided for the maintenance of the two works alluded to in the budget for 1890-91.

From C. D. MACLEANE, Esq., Collector and President, District Board, Nellore, to the Chief Secretary to Government, dated Nellore, 10th December 1889, No. 2286—L.W.

With reference to G.O., Mis. No. 2702 L., dated 22nd November 1889, I have the honor to state that the charge is a recurring one and will be included in the next budget.

From A. W. B. HIGGINS, Esq., Acting President, District Board, Ganjam, to the Chief Secretary to Government, dated Aska, 31st December 1889, No. 1948.

Referring to G.O., dated 22nd November last, Mis. No. 2702 L., I have the honor to state that the Local Fund Engineer reports that Rs. 100 per mile for any portion of Aska-Suradā road is a very reasonable maintenance grant, and that if the portion of the road in question is in such a state as to require reformation, a special estimate should be submitted for that purpose. He is against enhancing in any degree the present annual grant, which is Rs. 100 per mile. Further, I beg to state that the maintenance grant for roads in this district nowhere exceeds Rs. 200 per mile, and even this rate is allowed only for portions of the trunk road and to a few other roads on which the traffic is exceptionally heavy.

2. The maintenance grant of Aska-Suradā road has never been above Rs. 100 per mile, either before or after the executive charge of the said four miles was transferred to the Public Works Department.

3. The condition under which the District Board have agreed to transfer the executive charge of the said portion of the road is contained in Captain Dorward's letter, No. 12-C., dated 17th March 1884, printed in Revenue Board's Proceedings, dated 25th August 1884, No. 2963. It runs as follows :—

"The proposed Rushikulya canal will cross and recross the Aska and Suradā road several times between 5 miles 1,000 yards and 9 miles 1,000 yards (measuring from Aska). It will in that portion of four miles be necessary to divert and to raise the road in several places, and I think it would be a good arrangement, as saving in convenience to the public and waste of money in the upkeep of the portion of the road that will shortly be rejected, were the maintenance of those four miles of road entrusted to me. If this be done, I will engage that a road will always be kept open for traffic during the time of canal construction; and that finally a completed road in good order will be handed over to the Local Fund Board."

4. Under these circumstances, I am of opinion that no more than Rs. 400 per annum should be paid to the Public Works Department for the road in question.

5. The report of the Local Fund Engineer was received too late for the last meeting, and the views of the Board have not therefore been recorded. The Government order in question will be laid before the earliest meeting of the Board, and their resolution will be communicated.

ORDER—dated 1st February 1890, No. 193 L., Local and Municipal.

The list received from the Public Works Department with the memorandum recorded in the Government order read above is approved, subject to the following remarks :—

- Ganjam.*—Under the circumstances stated by the President of the District Board, the grant for the maintenance of 4 miles of the Aska-Suradā road should be reduced to Rs. 400. If the road has to be reconstructed, a special estimate should be submitted for that purpose, as suggested by the President.
- South Arcot.*—The grants for repairing the road on the Vadavur bank and that on the right bank of the Khan Sahib's Canal should be reduced to Rs. 500 and Rs. 300, respectively, being the amounts provided in the Taluk Board's budget.

(c) *Tanjore*.—The errors pointed out by the President of the District Board should be rectified.

2. With reference to the above alterations, the Public Works Department should take credit for an assignment of Rs. 29,100 from Local Funds for the works to be executed by that department in 1890-91.

3. The necessary provision will be made by Government in the District Boards' budgets for 1890-91, for the sums payable to the Public Works Department on account of the scrutiny of Local Fund plans and estimates and supervision charges, including tools and plant.
