GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

G.O., dated 29th January 1890, No. 144, Judicial.

Read—the following letter from Colonel T. WELDON, Commissioner of Police, to the Chief Secretary to Government, dated Madras, 20th January 1890, No. 11.

I have the honor to submit for final approval plans and estimates for a Police and Fire-engine station in Triplicane, the preparation of which was sanctioned by G.O., dated 23rd March 1889, No. 538 (Judicial).

2. Plans were made by Mr. Brassington, the late Consulting Architect, but the cost was greater than I thought necessary, and the design was not, in my opinion, so suitable or convenient as the present plans kindly prepared by Mr. Irwin.

3. As the Municipality is to share the benefit of the new building, I forwarded the plans and estimates to the President early in December, with a request that he would ascertain if the Municipal Commissioners were willing to make a grant of the proportion (Rs. 3,000) which the Consulting Architect calculated was their proper contribution, an office for the municipal registrar of births and deaths being provided as well as a fire-engine shed. Owing to the arrival of His Royal Highness Prince Victor and the intervention of the Christmas holidays, this reference to the Municipality remained undisposed of till 17th January 1890, when the President returned the plans and estimates with an extract from the minutes of proceedings of the Standing Committee of the Municipal Commissioners to the following effect:—

“The Standing Committee recommend that a proportionate share of the cost be borne for the accommodation provided, which should be similar in extent to that in China Bazaar station, viz., two rooms in addition to the fire-engine shed.”

The two rooms, the President explains, are required, one for the registrar and one as an office for the municipal overseer of the division. At present, the registrar of births and deaths is located in the narrow verandah or rather pial of the rented building now used as a Police station.

4. I discussed this proposal with the President and the Municipal Engineer, and it was agreed that, if the desired addition were made, the cost would, of course, be added to the amount originally computed as the share to be contributed by the Municipality.

5. The Consulting Architect, to whom I communicated the views of the Municipality, has shown in blue on the original plan the additions required to satisfy the municipal authorities, and at my request has also provided shelter over the back verandah which can be utilized by the Hindu and Muhammadan constables on duty as a place in which to take their meals.

6. The Consulting Architect reports thus:—

The estimate will now stand as follows:—

	Rs.
Total original detailed estimate including out-houses	13,640
Approximate cost of additions in blue	2,205
Total	15,845
Proportionate share of the cost to be met from Municipal Funds—	
According to original plan	3,000
For additions shown in blue	1,316
	4,316
Amount to be met from Provincial Funds	11,529 "

7. If early orders, which I solicit, be passed on this subject, the work can, I understand, be commenced at once.

Order—dated 29th January 1890, No. 144, Judicial.

Subject to the modification necessary to provide the additional accommodation asked for by the Standing Committee of the Madras Municipality, and on the understanding that the Municipal Commissioners are prepared to pay Rs. 4,316 of the cost, the plans and estimates are approved, and will be transferred to the Public Works Department with a request that orders may be issued at an early date.

(True Extract.)

(Signed) J. GROSE,
Ag. Chief Secretary.

ORDER—dated 17th February 1890, No. 525 W., Public Works.

In the circumstances explained in the concluding portion of para. 3 of letter from the Commissioner of Police printed with the Proceedings in the Judicial Department above recorded, the estimate for constructing a combined building for a police station, registration office and fire-engine shed at the Government House Park, Madras, is sanctioned for Rs. 15,845 which includes the cost of the additional accommodation asked for by the Standing Committee of the Madras Municipality.

2. The amount, Rs. 4,316, to be contributed by the Municipality should be paid into the Bank of Madras to the credit of the Public Works Department.

3. A sum of Rs. 2,500 has been provided for expenditure on the work during the current official year—*vide* G.O., No. 202 W., dated 22nd January 1890.

4. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 117 W. of 1889-90, and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

The estimate under review amounting to Rs 15,845 provided for constructing a Police Station, Fire Engine House, a Registration Office in the Fort. House Park Madras.

The estimate is divided as follows

(1) Main Building	Rs 10,540
(2) Walls	1,747
(3) Latrines	636

4 Gates, Boundary walls, Roads etc — 687

Total Original Estd Rs 13,640

And approximate cost of purchase of land shown in blue on the plan Rs 2,205

Total Rs 15,845

Rs 4,316 is to be met from Municipal Funds & the remainder Rs 11,529 from Provincial Funds

The particulars of construction are as follows

The foundations of the main building are to be $4\frac{1}{2}$ deep with 2 ft of concrete and $2\frac{1}{2}$ feet of brick in mortar.

The walls are to be built with brick in mortar and will be plastered inside with colored cement and then painted outside with tar & asphalt. The walls of the sub-buildings will also be built of brick in mortar but they will be plastered on both sides.

Terraced roofing will be used for the main building and tiled roofing for the sub-buildings.

The floor of the main building will be of cement & asphalt slabs except the fire engine house which will be floored with granite paving stones laid on 4" of concrete.

The floor of the store room will be of asphalt $\frac{3}{4}$ " thick laid on 4" of concrete.

576
these of the stables & grain building shed will be of ground well rammed. The flooring of the latrine will be of $\frac{3}{4}$ " asphalt laid on 4" of concrete.

As far as can be checked the estimates are fair.

The plan area of the main building is 3,465 Sq. ft and each 1,000 Sq. ft. will cost Rs 3.0-10.

Contingencies and Petty Supervision are provided for at 5% and $2\frac{1}{2}$ % respectively.

The plan and Estimates have been considered by the Commissioners of Police and approved in the Judicial Deptt. subject to the conditions laid down in G.O. No 144 of 29th Jan. 1890 viz that the Municipal Committee undertake to contribute Rs 4,316 towards the cost of the buildings.

It may further be necessary to refer the

Municipal Committee

letter to the Municipal
Deptt: -

The accommodation
provided for the Registrar
is very limited but as
it is independent only for
the registration of births
& deaths it may not
be questioned.

In accordance with the
G.O. No 538 of 23rd March 1890
the plans & estimates should
be sent to the Private
Secy. to the Government
Mr. Governor & there is
nothing in the file to
show that this has
been done -
