Order—dated 18th February 1890, No. 529 W., Public Works.

From the replies of Superintending Engineers to Chief Engineer's Circular No. 5085 C., dated ~~31st October~~ 5' Nov 1889, directing permanent employés of the Irrigation Conservancy establishment holding appointments in the temporary upper subordinate establishment to revert to their permanent posts or resign them before 1st April 1890, it is found that there are three temporary overseers and one temporary surveyor so situated, viz. :—

1. R. Subrahmanya Aiyar, temporary overseer, Godávari, Central.
2. M. Ayannah Nayudu, „ Kistna, East.
3. V. Aravamuthu Aiyangar, „ No. I Tank Party.
4. T. Ramakristna Aiyar, Surveyor, No. V Tank Party.

2. No. 1 has resigned his permanent appointment and Nos. 2 and 4 have elected to revert to their permanent appointments from 1st April 1890.

3. No. 3, V. Aravamuthu Aiyangar, must decide before 1st April whether he will revert to or resign his permanent appointment of Anicut Superintendent, Tanjore Division, as no exception to the rule can be made in his case.

PUBLIC WORKS DEPARTMENT.

No. 5085 C., dated Madras, 5th November 1889.

READ—the following paper :—

From the Chief Engineer for Irrigation, dated 31st October 1889, No. 304.

CIRCULAR.

Owing to the recent abnormal demand for overseers it has been found necessary in several cases to appoint to the temporary upper subordinate establishment men holding permanent appointments as Delta, Anicut, Channel and Irrigation Superintendents, and to give them a lien on their substantive appointments.

2. As considerable difficulty exists in obtaining duly qualified men to fill the temporary vacancies caused thereby, the Chief Engineer has decided that in future no subordinate holding a permanent appointment in the Irrigation Conservancy establishment of the Public Works Department shall be eligible for appointment to the temporary establishment although otherwise qualified unless he is prepared to resign unconditionally his substantive appointment.

3. Officers of the department are requested to call upon all temporary upper subordinates of the class referred to who have a lien on their substantive appointments to elect whether they will resign or revert to their permanent appointments from the 1st April next, and report the result not later than 1st February next in view to arrangements being made to replace such overseers as may decide to revert.

4. It should be distinctly understood that no further time for consideration will be granted and no information can be afforded as to the duration of appointments on the temporary establishment.

(Signed) R. R. E. DRAKE-BROCKMAN, Lieut.-Col., R.E.,
Ag. Chief Engineer, P.W.D., General

SIR,

With Reference to your circular memorandum No 5085 C dated the 5th November 1889, I have the honor to inform you that it appears that the only temporary overseer in this circle who holds a permanent appointment in the Irrigation Conservancy Establishment is R. Subrahmanya Iyer and that the Executive Engineer Godavari Central Division where the overseer is now employed reports that he has tendered unconditionally his resignation of his substantive appointment as Channel Superintendent in the Tinnevelly Division.

2. The temporary Overseers who were sent for Famine work in the Ganjam Division and who hold permanent appointments in the Conservancy

Establishment have already been ordered to revert to their permanent appointments, vide this office no 580 G. L dated the 31st December 1889.

From
V. Aravamathoo Iyengar
Temporary Overseer
No I Party T. R. Scheme

To
The Chief Engineer
P. W. D. Madras.

Through
The Executive Engineer
No I Party T. R. scheme.

Sir,

I beg most respectfully to bring the following to your kind considerations and favourable orders.

I passed out of the Civil Engineering College Madras in 1880 and from 1881 was employed as a Surveyor on ~~Rs~~ 60 in the Negapatam Division when Major Smart R. E. was Executive Engineer and Colonel Mead was Superintending Engineer and did many special works of which the Vennar Widening and Hurrichandranaddy widening projects were two of the very important

works. I was appointed as a
permanent Superintendent of Corayar
Head on Rs 25 in April 1883 but
was allowed to continue my surveyor's
post as the works were then very
important and being promoted to
Rs 30 Vattar Head joined it in
June 1884 and was promoted to Rs
60 Lower Anicut Tanjore Division
in September of the same year. I was
recommended during this while many
a time by the Superintending Engineer
himself to be favoured with an
Overseer's appointment and was
appointed in February 1885 as a
Temporary Overseer on Rs 80 and
posted for Railway Famine Relief works
Guntakal to Hindupur. Having
discharged my duties to the entire
satisfaction of my immediate Superiors
my Services were approved of by Government
in G.O. No 263 R of 1886 after the
stoppage of the Relief Works and was
further shown by having taken me up

for

for State Railway Surveys when I
was plainly informed by the Chief
× Copy enclosure No 1 Engineer P. W. D in his letter No ×1155 C
dated 6th July 1885 to the Engineer in Chief
Madras State Railway surveys
that I retain a lien on my permanent
pensionable appointment of Anicut
Superintendent in the Tanjore Division
I first served in the Survey of the
line from Dharmavaram to Madanapalle
when I was recommended by
my Executive Engineer in his letter dated
× Enclosure Nos 2 & 3. 13th January 1886 (×Copy herein enclosed) to
be permanented as a 2d Grade Overseer
and received an endorsement from the
× Enclosure No 4. Chief Engineer P. W. D in his No ×752 C
of 24th February 1886 (Copy herewith) that
my claims will be considered with
those of others when a vacancy occurs.
Secondly. I was posted for the Survey
of the line from Salem to Port Novo and
thirdly to the Madura Paumben Survey
and kept on till October 1886 when on
closure of the works was ordered to

report to the Chief Engineer P. W. D for orders. I beg leave to state that I was also recommended a second time to be confirmed and got a promissive reply. I enclose herein copy of the testimonial given me by the Executive Engineer Salem Port Novo and Madura Paumben Railway Survey.

x Enclosure No 5

On return from the Railway Surveys I was posted as a Temporary Overseer on Rs 80 to Tanjore Division and during the reduction in March 1887 I reverted to my substantive appointment of Superintendent Lower Anicut.

I was afterwards taken in as a Temporary Overseer on Rs 60 for Tank Restoration Works (Vide No 1135 W dated 25th April 1887 from Chief Engineer) and joined in June 1887. and from 1st March 1888 was promoted to Rs 80 (Vide No 477 C dated 4th February 1888 from Chief Engineer). In June 1888 when one Mr. Ramakrishna Iyer B.C.E who was appointed as a Temporary Overseer

in

in March 1888 was promoted to Sub Protem 3d Grade and my claims overlooked I appealed through my Executive Engineer backed by the Chief Engineer for Irrigation in his No 1456 I of 2d July 1888 and received endorsement in No 2721 C of 18th July 1888 from Chief Engineer P. W. D that an appointment on the permanent upper Subordinate establishment is not available. (Copy herewith)

x Copy enclosure No 6.

Again I was specially recommended by my Executive Engineer "J. M. Bell Esqr", on the eve of his transfer to Chingleput, in his No 311 S. E dated 12th July 1888 to the Chief Engineer for Irrigation (copy herewith) to be confirmed as an Overseer. I beg to append herewith the copy of the certificate granted me by the officer on his transfer. In October 1888 when one Mr. P. V. Ragavachariar. A.C.E. a temporary Overseer on Rs 60 was appointed as Overseer 3d Grade Sub Protem and thus superseded me I appealed through my Executive Engineer backed

x Copy enclosure No 7

x Copy Enclosure No 8

backed by him in his No 550 S.E dated 23d October 1888 and by the Chief Engineer for Irrigation in his No 2711 I dated 30th October 1888 got an endorsement from the Chief Engineer P. W. D in his No 4282 C dated 5th November 1888 that "no further promotion can at present be given to the applicant" (Copy herewith)

Copy enclosed No 9

And unhappily again another Mr. V. S Vydianadda Mudaliar a temporary Overseer on Rs 60 only passed overseer and not an A.C.E or B.C.E. was taken in Sub Protem 3d Grade in January 1889 and on my appealing through my Executive Engineer was informed by the Chief Engineer for Irrigation after a lengthy correspondence that he was specially recommended twice and though I was well recommended by my Executive Engineer that cannot be taken in, as special recommendation as it was not up to a form laid by him and hence he did not recommend me to the Chief

office

Office and was therefore not prepared to ask the reasons of my Junior superseding me and ordered that if my Executive Engineer wanted me to be specially promoted he might recommend me specially in the next return taking care to stick up to the form.

I beg leave to mention here that I was specially recommended by my Executive Engineer consequtively in April 1889, July 1889 and October 1889 to be permanented as an Overseer. (Copies may be had from the Chief Engineer for Irrigation Office) and have now been promoted to Rs 100 temporary from the 17th October 1889 in No 4731 C dated 17th October 1889.

I am now put in possession of Circular No 6085 C dated 5th November 1889 enjoining all permanent delta, anicut, channel and Irrigation Superintendents who are temporary Overseers and retain lien on their Substantive

appointment

appointments to report by the 1st February 1890 their willingness either to resign their substantive appointments unconditionally or to revert to them, as considerable difficulty exists in filling the Superintendent's posts and I beg to submit that my case is of a very peculiar nature and requires favourable consideration under your benevolent hands. Here my permanent appointment is that of an ancient Superintendent on Rs 50. still I am for the last nearly five years a temporary overseer but with a short break in the interval all the while being very highly recommended to be permanented as overseer and as such either to resign my permanent appointment and to remain in the temporary Service which is liable to reduction at any moment in the P. W. D and then to seek any other appointment as I am now over 25 years and am now passing by 30th year or to revert to my permanent post and to remain in such for ever till my death and to maintain my big family whatever may be my qualifications as I understand the circular plainly states that unless one unconditionally resigns the same he will not be taken into the Upper Subordinate Grade and even remaining for the last five years as a temporary Upper Subordinate I find it very difficult to be permanented as an overseer notwithstanding many valuable recommendations from my superiors one and all It would be a very hard and fast rule on me especially so I am sure that there would be now of my service and good character and humbly beg that my case be specially treated.

I beg further to mention that in 1885 when the Sub Overseer System was introduced I requested Col- Mead R.E the then Superintending

Engineer II Circle to offer on me the 1st Grade Sub Overseer equal in pay to my Superintendent's post when he assured me that both the appointments being on an equal salary and ancient Superintendents having a more useful task that promotion to Overseer Grade was only to be given to deserving hands in both the grades and as such there is no difference between a Sub Overseer 1st Grade and a Superintendent on Rs 50 but now am sorry to see that only the ancient Superintendents are affected. In testimony to my statement I request that Colonel. Mead R.E. may be consulted on the matter. to meet Justice to me.

Begging to give your benign consideration to my case and protect me,

I beg to remain
Sir
Your most obedt servant

Sir,

I have the honor to forward in original an application from Mr. V. Ramanathan Iyengar for confirmation in the temporary rank he now holds of overseer.

I can entirely endorse Mr. Oettmann's opinion of his work in the Hindupur Line and in the survey he showed a good knowledge of levelling is generally quick and intelligent and well fitted in my opinion for the post he asks for.

I have &c.

Enclosure - (one)

Sir

In forwarding the recommendation roll of subordinates in the No. I Division T.R. scheme for the half year ending June 88, I have the honour to bring to your notice for favourable consideration the claims of the two overseers of this party for promotion. I submit these recommendations specially as I expect to be relieved from this division shortly.

(1). Overseer Sundra Sastry has worked hard and zealously and by his personal exertions has contributed a good deal to the out turn of work for the last year and is well deserving of a movement by a step to 2nd grade. He has had experience in Construction works for the last years as detailed in this office letter No. 772 of 23-3-88 but a break in service allows him to count only years in the permanent establishment since his reappointment here.

(2). Overseer Aravamutha Aiyangar. Has gained considerable experience in irrigation works and has shown himself a smart subordinate in carrying out the necessary surveys and preparing estimates of works investigated by the T.R.S. He is now in the temporary establishment and is deserving of a posting in the permanent strength of the P.W.D. as an overseer.

No. 8.

On leaving No. I Party T.R.S. I have much pleasure in certifying to the good work turned out by overseer Aravamuthu Iyengar in connection with the estimates for irrigation works in his charge. He has shown himself capable of getting good work out of his subordinates and superintending their duties with tact & management. I trust he will be soon taken into the permanent establishment of the D.P.W as overseer for which duties he has had experience and should give satisfaction.

ENCLOSURES.
(Two) only

Sir,

I have the honour to forward, herewith an applicatio from Overseer Aravamuthu Iyengar, at present serving under me in No. I Party.

The application is anent Chief Engineer's No. 5085 C of Novr. 5th 1889. I am necessarily unacquainte with all the bearings of that Circular and the views of Government upon the question; but if it is in any way possible, I would strongly recommend, that, as a lenient a view as possible be taken of this Overseer's peculiar case. You will, I think, perceive, that he was not aware of any such rule, when he took up the post of temporary Overseer. In fact, it appears, that no such rule was in force, and it would press, I think, extremely hard upon him to make it retrospective.

I have the honour to be,

Sir,

Your most obedient Servant

A Joyce

Note.

From the replies of Supdg. Engineers to Chief Engineers Circular No. 5085C dated 31st October 1889 (directing permanent employes of the Irrigation Conservancy Establishment holding temporary Overseerships to revert to their permanent posts or resign them) it is found that there are only four men so situated.

From the accompanying List it will be seen that two of the men (a temporary overseer and a temporary surveyor) have elected to revert to their permanent posts; one to resign his permanent post, and the other to appeal "to the Chief Engineer for exemption from the operation of the Circular on account of his long and good service as temporary overseer dating from the Famine Relief works in Bellary in February 1885.

For orders.

M. 13.2

The appeal of Aravamuthu Aiyangar must be rejected. A G.O. should issue givi the results of the enquiry made on 5085-C.
