GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

From H. IRWIN, Esq., C.I.E., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepāk, 10th February 1890, No. 1716.

With reference to your No. 453 C, dated 24th January 1890, and No. 541 C/A., dated 30th January 1890, I have the honor to report that the amounts noted in column (b) of the accompanying statement should now be surrendered as there is no probability of the same being utilised before the close of the current official year, and to request to make the necessary appropriations noted in column (c) which are urgently required.

ORDER—dated 25th February 1890, No. 591 W., Public Works.

The following sums surrendered by the Consulting Architect to Government are resumed and credited to the Provincial reserve with the Government:—

	RS.
Additions and improvements to the Medical College buildings,	
Madras	2,300
Civil Buildings, Minor Works, Presidency Architect's Division ...	1,500
Miscellaneous Public Improvements, Minor Works, Presidency Architect's Division	500
Miscellaneous Public Improvements, Repairs, Presidency Architect's Division	2,200
Civil Buildings, Minor Works, Presidency Division	1,000
Total	7,500

2. The following appropriations are made from the Provincial reserve:—

	RS.
Improvements to the Presidency Training School for Mistresses,	
Madras	5,996
Civil Buildings, Repairs, Presidency Architect's Division	9,700
Total	15,696

3. The surrender of Rs. 500 from the grant for the packing-shed, Army Clothing Agency, has already been accepted—*vide* G.O., No. 527 W., dated 17th February 1890.

4. Funds are not available with the Government under Postal Repairs to provide the amount applied for by the Consulting Architect.

5. No allotment can be made for the construction of an operation room at the General Hospital, Madras, until the item entered in the Consulting Architect's statement has been explained. Funds have already been provided to the full extent of the sanctioned estimate.

6. The Government awaits a full explanation as to the excess over the sanctioned estimate for additions and improvements to the Presidency Training School for Mistresses, Madras, and the submission of the supplemental estimate promised in the Consulting Architect's letter No. 1548, dated 23rd January 1890, should be expedited.

7. It is not apparent why application has been made for so large a grant as Rs. 11,400 from Provincial funds for improvements to the Civil Orphan Asylum buildings at Madras. The Consulting Architect will, in communication with the Superintending Engineer, V Circle, report the total outlay incurred by Government on the buildings up to date, as compared with the sanctioned estimate, and the necessity for the present demand. The full amount of grant promised by Government has already been allotted.

8. As the Government is not prepared to incur any further expenditure on the construction of self-acting shutters for the bridges across the Cooum, the circumstances in which outlay was incurred in excess of appropriation should be explained.

9. The question of providing Rs. 560 as shown below required for repairs to the Senate House at Madras will be considered in the Financial Department:—

Works	...	...	...	...	...	...	...	...	Rs.
Establishment	...	...	...	...	...	...	...	...	450
