Superintending Engineer's Office
Madras Command Military works

From

The Superintending Engineer
Madras Command, Military works

To The Quarter Master General
Madras

17th February 1890.

Camp Bangalore.

Sir, I have the honor to return the
enclosures endorsed in your N^o 569 A dated
12th Instant and to state that underevisting
orders for the extension of the Military
works Department to Madras, Trichinopoly
and other similar stations are not yet
ordered to be taken over.

2. There are considerable difficulties
in finding sufficient establishment
for the Madras Command as at present
constituted and until the Divisions
now in process of transfer to this Command
are in good working order I do not recommend
that Trichinopoly be handed over to me.

3. Hereafter when I am in a position to
report to His Excellency that the new Military
works Divisions are in good working order and
that the mode of dealing with their accounts
has been definitely decided I shall be in
a better position to advise as to any further
extensions which may commend themselves
to His Excellency. The enquiry of the
Public

Public Works Department Madras
should therefore be replied to that
it was not expedient to take over
Trichinopoly at present.

I have the

Subd. 12.2.89

Sir,

With reference to G.O. no 216 w
of the 23rd January 1890, calling for
statements showing military works
grants for the current year that are
transferred to the military works de-
partment, I have the honor to observe
from para 2 of G.O. no 3645 w of the 21st
December 1889 that decisive orders
have not yet been passed as to the
transfer of military works at Richinopoly
I do not therefore consider that the G.O.
under reference is included for this
Circle.

2. The current year's grants for the
Richinopoly Division under military
are Rs 2210 and 4350, respectively for
minor works and Repairs, of these
Rs 1146 and 4013, respectively, have been
spent

Spent up to the end of December last,
and the Small balances can be
easily worked out before the end
of March next. The balance under minor
works is the amount allotted for
Constructing latrines for 17th Regiment,
South Infantry Lines, for which an
estimate of Rs 1770 was sanctioned
only on the 11th January 1890.

I have the honor to be

Sir

Yours most obedient.
