P. W. D.

Office of the Consulting Architect to Govt.,
Chepauk, Madras,
11th February 1890.

No. 1736

From

Henry Swin, Esq., C.S.E.,

Consulting Architect

to the Government of Madras,

To

The Chief Engineer

P. W. Department

Madras

In,

Enclosures.

I have the honor to represent that I find the amount of inspection work which I have to get through involves a heavy expense. Hitherto I have had to keep a carriage and two horses solely for the purpose of my work. Since the addition of the Civil Works of the Presidency Division has been added, I find that it will be necessary for me to keep a carriage and three horses independent of a carriage and horse for my private use and that of my family. As my work is entirely within a radius of 5 miles I get nothing in the shape of travelling allowance and consequently I find the expense very heavy. I would represent that this is a special case and I think I am fairly entitled to an allowance of Rs 60 a month as the allowance for ^{three} horses.

horses, under Government of India Resolution
No 1705 of 30th March 1888 para 5 clause ii. ~~Vol~~
Go 28384. The cost of hiring is expensive and
to purchase horses involves a large outlay as
they are by no means cheap nor is the feeding
cheap either. For the purpose of inspection work
Superintending and Executive Engineers recover
travelling allowances under the rules which enable
them to keep up their horses. In my charge the
circumstances are such as to compel me to
incur the expense, but the rules for travelling
allowance do not admit of my getting anything
for this purpose.

I have the honor to be,

Sir,

Your most obedient servant

Henry Dwyer

Consulting Architect to Govt

Public Works Department.
